Creates the Faith-Based Housing and Mixed-Use By-Right Act. Provides that a unit of local government shall permit multifamily developments and mixed-use developments as allowable by-right uses on faith-based land. Provides that a unit of local government may not require a proposed multifamily or mixed-use development on faith-based land to obtain any discretionary approval in order to permit the proposed use and development or allow for the minimum development standards and limitations established by the Act. Provides that the by-right entitlement under the Act applies whether or not the faith-based organization continues to operate an existing religious, educational, or community facility on the same parcel or adjacent parcel, and regardless of whether the housing is owned, leased, operated, or developed by the faith-based organization or by a partner acting under agreement with the faith-based organization. Provides that nothing in the Act affects the authority of a unit of local government to apply to a development authorized by this Act requirements that are (1) generally applicable to comparable developments within the jurisdiction; (2) objective and ascertainable on the face of the ordinance or code provision; and (3) related to public health and safety. Provides that a unit of local government shall approve an application for a multifamily or mixed-use development on faith-based land if the development satisfies the unit of local government's generally applicable, objective land development and building regulations as limited by the Act. Amends the Managed Care Organization Provider Assessment Article of the Illinois Public Aid Code. In provisions concerning tiered managed care assessment rates, provides that beginning July 1, 2026, the Department of Healthcare and Family Services may implement a tax that is based on uniform rates, determined at a level not to exceed limitations imposed by the federal Centers for Medicare and Medicaid Services, that may be set at either a percentage of premium revenue or on a per member per month basis. Removes a provision requiring any upward adjustment to the Tier 3 rate to be the minimum necessary to meet federal statistical tests. In the definition of "member months", removes language exempting enrollment in a Limited Health Services Organization, a Medicare Supplement Plan, or a Federal Employee Health Benefits Plan from the calculation of member months. Expands the definition of "managed care organization" to include an entity that operates as a preferred provider organization. Effective July 1, 2026.

30 ILCS 105/5.1038 new

Creates the Senior Home Preservation Program Act. Provides that subject to appropriations, the Department of Human Services shall establish a 3-year pilot program known as the Senior Home Preservation Program (Program) to provide grants to delegate agencies to provide rehabilitation services to legacy resident low-income senior homeowners to preserve the habitability and safety of their homes. Provides that grants under the Program may be used for housing owned by a legacy resident senior to remove or correct health or safety hazards, to comply with applicable housing standards or codes, or to make needed repairs to improve the general living conditions of the legacy resident senior, including improved accessibility for seniors with disabilities. Provides that the Program shall initially be implemented in predetermined geographies with the expectation that the Program may grow to encompass all eligible populations in the State. Contains provisions concerning home repair project types and application process and operational requirements. Creates a Workforce Development Home Repair Program (Workforce Development Program) to promote the State's interest in enabling low-income senior households to age in place safely and securely. Provides that, through grants to delegate agencies, the Workforce Development Program shall aim to increase employment and entrepreneurship opportunities in census tracts with high rates of unemployment, underemployment, and poverty and to ensure that residents of those communities are able to access the work as a local employment engine. Provides that delegate agencies implementing

Workforce Development Program sites shall connect trainees to jobs through committed employer partnerships related to improving the habitability and performance of homes; and shall use grant funding to cover cash stipends for trainees and costs related to the design and implementation of pre-apprenticeship and other job training programs. Requires the Department to submit annual reports. Creates the Senior Home Preservation Program Fund to cover the operational and administrative costs and program grants under the Senior Home Preservation Program. Amends the State Finance Act by adding the Senior Home Preservation Program Fund to the list of special funds.

Amends the Illinois Marriage and Dissolution of Marriage Act. Provides for a child support calculation for shared physical care in which each parent exercises 110 or more overnights per year with the child or 110 or more overnight equivalents as determined by a court as a deviation from guidelines or upon agreement by the parties. Provides that overnight equivalents are calculated by using a method other than overnights if the parent has significant parenting time periods on separate days in which the child is in the parent's physical care and under the direct care of that parent but does not stay overnight. Provides that if parents have shared physical care of a child, the basic child support obligation is multiplied by 1.5 to calculate the combined shared care child support obligation; the court shall determine each parent's portion of the shared care child support obligation based on the parent's percentage share of combined adjusted net income; the shared care child support obligation is then computed for each parent

by multiplying that parent's portion of the shared care support obligation by the percentage of time the child spends with the other parent and determining any adjustment for shared physical custody that is less than 146 overnights or overnight equivalents. Provides that the respective shared care child support obligations are then offset with the parent owing more paying the difference in child support. Creates a statutory table to calculate the child support if a parent has physical shared custody for less than 146 overnights or overnight equivalents per year. Provides that the shared care child support obligation after adjustment may not be greater than the amount that would have been ordered under the basic support guidelines in any event. Provides that a parent incarcerated for more than 180 days is presumed to be unable to pay any amount of child support, and this presumption may be rebutted by evidence establishing the ability to pay child support during incarceration. Provides a rebuttable presumption that a minimum child support obligation of \$40 per month, per child, will be entered for an obligor who has actual or imputed gross income at or less than 100% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for a family of one person.

New Act

Creates the Aligning Recommendations with Children's Actual Clinical and Emergency Needs and Determinations Act (ARC-ACEND). Provides that if a child who is the subject of a custody or parenting-time dispute has a serious medical condition, all recommendations made by guardian ad litem, child representative, evaluator, mediator, or other court-appointed officer are deemed provisional and may not be used by the court until a qualified medical provider certifies, in writing, that the recommendation is consistent with the child's clinical needs and

medical best interests. Requires that if a qualified medical provider determines that a provisional recommendation is not consistent with the child's clinical needs or medical best interests, the recommendation must be modified to at least the minimum extent necessary to achieve consistency with the recommendations of the qualified medical provider. Provides that nothing in the Act may be construed to limit the court's authority to order additional or more protective modifications if consistent with the child's clinical needs or medical best interests, but the court may not impose less protective measures or measures inconsistent with the qualified medical provider's recommendations. Requires that if the court alters the recommended modifications of the qualified medical provider, it must rule in writing and specify the reasons for the alteration, and the qualified medical provider and the child's primary caregiver must be given an opportunity to respond before the order becomes final. Requires medical consistency for children with a serious medical condition to supersede all other considerations, including but not limited to, geography, parental preferences, logistical convenience or feasibility, or generalized notions of co-parenting balance. Provides that for any child with a serious medical condition, it is per se contrary to the child's medical best interests to be separated from a safe parent who is primarily or predominantly responsible for the child's day-to-day condition-related care, monitoring, or condition management. Provides that this presumption may be rebutted only by clear and convincing evidence, supported by qualified medical testimony, that separation is medically necessary for the child's safety or clinical well-being.

Requires that before a court may order supervised parenting time, it must determine whether qualified supervisors are reasonably available within the child's geographic area and shall document the inquiry. Requires that if supervision is warranted, the court may not order or permit unsupervised parenting time solely because no qualified supervisor is available. Provides that if no qualified supervisor is available, the court shall maintain the restriction on unsupervised parenting time and order one or more statutorily authorized alternatives, including temporary suspension of in-person parenting time, virtual contact, therapeutic supervised contact, or other protective measures necessary to ensure safety. Provides a rebuttable presumption of supervised parenting time: (1) in any case in which that parent has committed abuse against the child or the other parent based on a preponderance of the evidence; (2) when the other parent has an active order of protection against the parent in question which has been upheld or extended after a hearing. Provides that evidence of abuse may not be given weight if it appears more probable than not to be manufactured or the product of coaching or fabricated, unless and until it can be independently corroborated.

HB 5196, as amended by HA 2, would extend the Accelerated Pension Buyout programs for two additional years, through June 30, 2028, and authorize an additional \$1 billion in State Pension Obligation Acceleration Bonds to pay for the buyouts, bringing the total bond authorization for these programs to \$3.2 billion. According to SERS, SURS, and TRS, the programs have resulted in an estimated \$2.6 billion reduction in liabilities and required approximately \$2 billion in buyout payments, based on the most recently provided data from each system (ranging from June 2025 to January 2026). Given the experience of the buyout programs to date, it may be reasonable to anticipate similar participation patterns during the extended period under HA 2, which could help reduce the liability. However, estimating the precise reduction in pension liabilities is uncertain by nature, as participation is voluntary and individual member decisions play a significant role in determining overall program impact.

Amends the Affordable Housing Planning and Appeal Act. Requires non-exempt local governments to provide residents with notice and the opportunity for comment at a public hearing prior to adopting an affordable housing plan. Requires a non-exempt local government to provide proof of its compliance with the notice and public hearing requirements when it submits a copy of its affordable housing plan to the Illinois Housing Development Authority. Expands the list of information that must be provided in the affordable housing plan to include, (i) an identification of "specific lands" (rather than "lands") within the jurisdiction that are most appropriate for the construction of affordable housing, (ii) proposed timelines to

commence "specific actions and deadlines" (rather than "actions") to implement the components of the affordable housing plan, and (iii) incentives, including certain measures to address the need for affordable housing, that the local government may provide for the purpose of attracting affordable housing. In a provision permitting certain persons to appeal a local government's denial of a proposed affordable housing plan, expands the list to include a service provider that is under contract to provide services for potential residents of a proposed supportive housing project or community-integrated living arrangement that is included in the proposed affordable housing plan. Contains provisions concerning final actions or decisions by the governing body of the local government on the proposed affordable housing plans; appeal procedures and timelines; and other matters. Expands the Illinois Housing Development Authority's rulemaking authority to include the adoption of rules and regulations concerning the substance of affordable housing plans consistent with the changes made in the amendatory Act.

HOUSE FLOOR AMENDMENT NO. 1

Changes the definition of "exempt local government" to mean any local government in which at least 25% (rather than 10%) of its total year-round housing units are affordable, as determined by the Illinois Housing Development Authority, or any municipality with a population under 2,000 (rather than 2,500). Provides that beginning October 1, 2028 (rather than October 1, 2024), the Illinois Housing Development Authority shall determine which local governments are exempt or not exempt from the operation of the Act. Requires an affordable housing plan to consist of incentives, including, but not limited to, specified measures outlined under the amendatory Act, that the local government intends to (rather than may) provide for the purpose of attracting affordable housing to its (rather than their) jurisdiction. Provides that a local government, whether exempt or non-exempt under the Act, may adopt measures regarding the preservation of existing affordable housing, including home modifications to support accessibility. Makes several technical changes.

Makes conforming changes in the Medical Assistance Article of the Illinois Public Aid Code, and provisions of the Illinois Insurance Code concerning autism spectrum disorders. HOUSE FLOOR AMENDMENT NO. 3

Deletes reference to:

325 ILCS 3/10-125 new

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. In provisions amending the Illinois Insurance Code, provides that "diagnosis of autism spectrum disorder" includes one or more tests, evaluations, and assessments to diagnose whether an individual has autism spectrum disorder that are prescribed, performed, or ordered by a licensed speech-language pathologist with expertise in diagnosing autism spectrum disorders in children under age 3 (rather than by a licensed speech-language pathologist with expertise in diagnosing autism spectrum disorders). In provisions amending the Illinois Speech-Language Pathology and Audiology Practice Act, makes changes to the requirements necessary for a speech-language pathologist to diagnose autism spectrum disorders. In provisions amending the Illinois Public Aid Code, provides that treatment of autism spectrum disorders through applied behavior analysis shall be covered under the medical assistance program for children diagnosed with autism spectrum disorder when ordered by a speech-language pathologist licensed by the Department of Financial and Professional Regulation so long as the diagnosis by the speech-language pathologist occurs as part of the Illinois Early Intervention Program (rather than covering treatment by applied behavior analysis for children diagnosed with autism spectrum disorder by a speech-language pathologist licensed by the Department). Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Provides that a speech-language pathologist may diagnose autism spectrum disorders if the speech-language pathologist has completed training in age-appropriate autism diagnostic evaluation methods provided by an approved continuing education sponsor (rather than if the speech-language pathologist has an active autism evaluation credential issued by the Illinois Early Intervention Program).

Provides that the SIEC may designate subcommittees necessary to effectuate its responsibilities. Provides that the voting membership of the SIEC must, at a minimum, include the Statewide Interoperability Coordinator, the Statewide 9-1-1 Administrator, the Director of the Secretary of the State Police or the Director's designee, and at least one representative from each of the following, appointed by the Governor: an association representing Illinois fire chiefs, an association representing Illinois fire protection districts, the Office of the State Fire Marshal, an association representing Illinois chiefs of police, an association representing Illinois sheriffs, the Illinois State Police, the Illinois Emergency Management Agency and Office of Homeland Security, the Department of Public Health, the Department of Innovation and Technology, and the Department of Military Affairs. Requires the SIEC to annually review existing statutory law and make recommendations for legislative changes to ensure efficient, effective, reliable, and sustainable communications interoperability statewide (rather than make recommendations concerning better integration of the Integrated Public Alert and Warning System statewide and develop a plan to sustainably fund radio infrastructure, radio equipment, and interoperability statewide). Provides that if there is a housing subsidy, it is a civil rights violation for an owner or any other person, or for a real estate broker or salesman to: (1) use a financial or income standard in assessing eligibility for the rental of housing that is not based on the portion of the rent to be paid by the tenant; or (2) use a person's credit history as part of the application process for a rental accommodation or deny an applicant based on credit score or credit history, without offering the applicant the option, at the applicant's discretion, of providing lawful, verifiable alternative evidence of the applicant's reasonable ability to pay the portion of the rent to be paid by the tenant, including, but not limited to, bank statements, pay stubs, rental history, or benefit statements.  225 ILCS 20/9A from Ch. 111, par. 6359A

Amends the Clinical Social Work and Social Work Practice Act. In provisions concerning the qualifications for a clinical social worker license, provides that a person shall be qualified to be a licensed clinical social worker if that person, among other things, (i) demonstrates to the satisfaction of the Department of Financial and Professional Regulation that, subsequent to securing a master's degree in social work from an approved program and obtaining a social worker license or temporarily practicing pending the issuance of a social worker license if the license was ultimately issued (rather than subsequent to only securing a master's degree), the applicant has successfully completed at least 3,000 hours of satisfactory, supervised clinical professional experience; or (ii) demonstrates to the satisfaction of the Department that such applicant has received a doctor's degree in social work from an approved program and has, subsequent to receiving the degree, completed at least 2,000 hours of satisfactory, supervised clinical professional experience after obtaining a social worker license or during temporary practice pending the issuance of a social worker license if the license was ultimately issued (rather than subsequent to only securing a master's degree). Provides that any hours of supervised clinical professional experience completed before the effective date of the amendatory Act may be counted toward the required hours for qualification for a clinical social worker license if the hours were completed subsequent to securing an applicable graduate degree and the completed hours would have qualified towards licensure under the law in effect at the time the hours were earned. In provisions concerning qualifications for a social worker license, provides that a person shall be qualified to be a licensed social worker if that person, among other things, has a degree in social work from an undergraduate program approved by the Department and has successfully completed at least 3,000 hours (rather than 3 years) of supervised professional experience subsequent to obtaining the degree within a period of no more than 4 years. Provides that the Department may grant a waiver for or an extension of the 4-year time period if an applicant demonstrates that there is good cause to grant the waiver or extension. Makes other changes. Effective January 1, 2027.

Includes, as a qualified applicant subject to meeting the other requirements, (i) a person who is pursuing a clinical social work license or social work license and (ii) a person who will obtain a master's degree in social work from an approved program before enrolling the academic program that the scholarship would support. Provides that a scholarship for a recipient attending a private, not-for-profit institution shall not exceed the maximum grant payable to a student enrolled in the most expensive comparable program of study at a public university in the State. Effective July 1, 2026.

FISCAL NOTE (Illinois Student Assistance Commission)

The additional flexibility provided by HB 5460 could lead to more interest in the program, resulting in more students applying for the existing 250 slots and receiving scholarships, but the bill does not increase the number of scholarships available, does not increase the maximum award, and is not expected to require additional appropriations to implement.

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence. This bill prohibits "covered entities" from purchase single-family residences for at least 75 days. Covered Entities are organizations that receive funding to buy Single-Family housing stock. The intention of this bill appears to be to give individual households and non-profit organizations a chance to purchase homes before corporate/private market buyers have a chance to buy up existing properties and sell them at a higher level.

Amends the Environmental Protection Act. Repeals the definition of "food scrap"; adds definitions for "anaerobic digestion", "biogas", "digestate", "food waste", "organic material", and "organic waste"; and updates the definitions of "compost" and "composting". In provisions regarding pollution control facilities, includes a new exemption for portions of sites or facilities used for composting or anaerobic digestion of organic waste that meet specified siting, setback, floodplain, and operational requirements. In provisions regarding prohibited acts, establishes permitting requirements for organic waste composting operations and organic waste anaerobic digesters, and creates exemptions for small-scale and certain farm-based composting operations that meet volume limits, setback distances, and other environmental safeguards. Provides that anaerobic digesters using only non-waste feedstock are exempt from solid waste permitting and clarifies that digested material returned to the economic mainstream is not regulated as waste. Authorizes the Environmental Protection Agency to recommend, and the Pollution Control Board to adopt, performance standards for organic waste compost facilities and testing procedures for end-product compost, and requires a Technical Advisory Committee with balanced stakeholder representation. Specifies that standards apply to compost offered for sale or use and exempts on-site residential composting. Makes conforming changes throughout to integrate new definitions and regulatory requirements.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Changes the definitions of "biogas" and "food waste". In provisions regarding facilities that are not pollution control facilities, deletes specified changes from the introduced bill not referential to organic waste or food waste, including specified references to anaerobic digestion. In provisions regarding prohibited acts, replaces all changes from the introduced bill with a provision that no person shall conduct an organic waste composting operation without an Agency permit, provided, however, that no permit shall be required for any person conducting an organic waste composting operation for organic wastes generated by such person's own activities which are stored, treated, or disposed of within the site where such wastes are generated or for any person conducting an organic waste composting operation that (i) has not more than 50 cubic yards of organic waste, composting additives, composting material, or end-product compost on-site at any one time and (ii) is not engaging in commercial activity. Specifies that landscape waste composting operations are subject to different provisions. Makes technical changes.

Expresses the belief that nursing, social work, professional counseling, marriage and family therapy, physical therapy, occupational therapy, speech-language pathology, audiology, physician assistant practice, public health, and education are professional disciplines that require advanced graduate education, professional licensure, and adherence to rigorous ethical and clinical standards. Lists the graduate degrees that should be considered professional degrees. States that any state agency, public university, or entity receiving state funds should take all necessary steps to avoid discrimination against individuals holding these graduate degrees in hiring, promotion, compensation, professional development funding, or other terms and conditions of employment based on any federal student loan classification. Urges the United States Department of Education to include all graduate degrees in nursing, social work, counseling, therapy, physical therapy, occupational therapy, speech-language pathology, audiology, physician assistant practice, public health, and education in its definition of "professional degrees" for federal student loan purposes. Urges the Illinois Congressional Delegation to advocate for legislation to ensure that graduate students in all health and human services professions have access to adequate federal student loan funding to complete their professional education. Commits to exploring state-level solutions to support graduate education in health and human services professions, including but not limited to scholarships, grants, loan repayment assistance programs, and other workforce development initiatives. Expresses support for the licensed health and human services professionals in Illinois who serve our most vulnerable populations with skill, compassion, and unwavering commitment to the public good.

States that it is of vital importance to protect Illinois farmland from irreversible conversion and fragmentation due to solar, industrial, and other large-scale developments. Affirms that farmland protection is consistent with and complementary to the goals of the Climate and Equitable Jobs Act and should be considered in clean-energy planning and implementation. Urges State agencies, local governments, and developers to prioritize renewable-energy and infrastructure projects on non-agricultural lands whenever practicable and to minimize impacts on prime farmland and farmland of statewide importance. Supports renewable-energy siting practices that protect soil health, drainage infrastructure, and long-term agricultural productivity, including appropriate decommissioning and land-restoration standards. Condemns the practice of conversion therapy on any population as unethical and fraudulent. Asserts that no licensed professional operating in the State of Illinois should engage in this practice, whether with minors or adults, as it violates the ethical standards of professional behavioral healthcare. Condemns conversion therapy as described herein, regardless of the target population or how the service is marketed or titled. Acknowledges that conversion therapy is not a legitimate form of therapy but is a dangerous and discredited practice that has no place in a professional setting, and that any professional engaging in such practices is in violation of the ethical guidelines governing their licensure. Encourages the Illinois Department of Public Health to launch a statewide public awareness campaign to educate communities about the harms of conversion therapy and its fraudulent nature, to collaborate with the Department of Financial and Professional Regulation to investigate and hold accountable practitioners offering conversion therapy under false pretenses, to develop guidelines for healthcare professionals to recognize, report, and prevent practices associated with conversion therapy, and to support outreach initiatives to connect survivors of conversion therapy with affirming mental health resources.

Reaffirms the commitment to the strengthening and deepening of the sister ties between the

State of Illinois and Taiwan, the Republic of China (ROC). Reaffirms support for the Taiwan Relations Act (TRA) and supports Illinois businesses referring to Taiwan, ROC, as Taiwan. Endorses Taiwan's efforts to secure the signing of a Bilateral Trade Agreement (BTA), the Avoidance of Double Taxation Agreement (ADTA), and the Indo-Pacific Economic Framework for Prosperity (IPEF) with the United States. Supports the further strengthening of a closer economic and trade partnership between the State of Illinois and Taiwan with multiple possible approaches, including signing an economic and trade memorandum of understanding, exploring the possibility of establishing an Illinois Office in Taiwan, and sending Illinois high-level officials to visit Taiwan. Supports Taiwan's meaningful participation in international organizations, which impact the health, safety, and well-being of the peoples of Taiwan, the State of Illinois, the United States, and the world. Opposes any distortion or misuse of United Nations General Assembly (UNGA) Resolution 2758 to attempt to deny Taiwan's aspiration to make more contributions in international societies.

Urges the United States Congress to enact a one-year extension of ACA subsidies through December 31, 2026, with enhanced oversight mechanisms to combat the estimated \$25 billion in annual fraud, including stricter verification processes for enrollments and penalties for fraudulent activities. Urges Congress to include a clause in the extension legislation stipulating that, if comprehensive ACA reforms are not enacted by December 31, 2026, all members of Congress and the United States Senate shall forfeit their government health plan subsidies effective January 1, 2027, thereby aligning their incentives with those of the taxpayers who fund over 75% of their premiums.

House Rule 37.5 new

Adds a rule authorizing a member to designate a House Bill as a Priority Bill when filing it with the Clerk. Requires Chairpersons to make a good-faith effort to facilitate committee consideration of each Priority Bill at a time when the Principal Sponsor or the Principal Sponsor's designee, and their necessary witnesses, are available. Requires a Priority Bill posted for a particular hearing to be considered by the committee before consideration of legislative measures without that designation if the Principal Sponsor or designee consents to consideration at that time. Provides that, if the Principal Sponsor or the Principal Sponsor's designee fails to present the bill during the first or second hearing for which the bill was posted or if the Principal Sponsor or the Principal Sponsor's designee withdraws consent for consideration at the hearing, the committee may hear testimony and vote one time on a reporting motion for that bill without the consent of the Principal Sponsor or the Principal Sponsor's designee at the third or subsequent hearing for which the bill is posted. Authorizes only the Principal Sponsor or chief co-sponsor of a Priority Bill to offer a committee amendment to the bill. Provides that each Priority Bill that remains pending in any committee at 5:00 p.m. on April 1 shall be automatically discharged to the House and placed on the calendar on the order of Second Reading, unless a standing or special committee has provided an opportunity for public testimony on the bill at a posted hearing and taken a record vote on a motion to report the bill to the House. Declares that certain deadlines do not apply to Priority Bills. Requires the Journal and Legislative Digest to reference a Priority Bill in a manner that identifies that designation. Prohibits Priority Bill status from being revoked or transferred to another bill. Provides that a Chairperson who fails to implement and comply with these requirements may be subject to disciplinary action under the House rules. Prohibits the suspension of these rules.

Acknowledges and condemns the historical injustice associated with the original creation of the Benin Bronzes, the subsequent British acquisition and distribution of the relics, and the current possession of the Benin Bronzes by museums and collectors who are unwilling to share the relics with the heirs of the enslaved people who paid for them with their lives and the heirs of the Benin Kingdom slave traders. Urges the following steps be taken in regard to the Benin Bronzes: (1) an official request for the return and sharing of the Benin Bronzes, (2) the establishment of the Repatriation Committee, (3) the formation of an inventory and comprehensive documentation, (4) the development of a decision-making process, (5) the development of a sharing framework, (6) the collection of resale royalties, (7) the allocation of adequate resources from museum exhibit, loan, and resale royalty fees, (8) the initiation of programs and initiatives to bring heirs of the enslaved and the Benin Kingdom together for healing and reconciliation, and (9) the cooperation of heirs. Urges all nations, stakeholder museums, and collectors to support and adhere to this resolution, recognizing the importance of equitable sharing, redress, and healing in the context of the Benin Bronzes.

Recognizes and expresses gratitude to the Office of the Illinois Attorney General and Attorney General Kwame Raoul for their exceptional devotion, leadership, and perseverance in defending democracy and freedoms through the courts. Acknowledges that the most effective instrument for the protection of democracy and civil liberties in the last nine months has been litigation, and that the Attorney General and his team have been incredibly effective in their defense of the State's democracy. Recognizes the Office of the Illinois Attorney General's filing of a lawsuit against the Trump administration to stop the unlawful deployment of the National Guard in Illinois, challenging federal invocation of 10 U.S.C. § 12406, the Posse Comitatus Act, and the Tenth Amendment, is a case of national significance in protecting state sovereignty and civil liberties. Encourages the Office of the Illinois Attorney General to continue steadfastly engaging in litigation as necessary to uphold democracy and freedoms.

Urges the Illinois State Board of Education (ISBE) to identify and publish a list of evidence-based, decision-making, and impulse-control curricula that have been demonstrated to reduce violence involvement, make at least one free or low-cost curriculum available statewide for optional integration into existing Social and Emotional Learning (SEL) instruction, encourage districts to implement these programs using existing resources and staff development, and develop, pilot, and rigorously test new school-based decision-making and violence-prevention curricula that can be easily adopted by ISBE and schools statewide if proven effective in reducing violence. Urges the Administrative Office of the Illinois Courts (AOIC), the Department of Juvenile Justice (DJJ), and county probation and diversion programs to identify and approve evidence-based, decision-making curricula appropriate for minors under supervision, diversion, or detention, to encourage their integration as standard early interventions, and to implement these initiatives within existing budgets and structures. Urges the Illinois Department of Human Services (IDHS) and the Illinois Criminal Justice Information Authority (ICJIA) to coordinate with ISBE, AOIC, DJJ, and local partners to align violence-prevention curricula and community-based interventions across settings. Condemns, in the strongest possible terms, any proposal, threat, or effort to invade, annex, or forcibly seize Greenland or any other territory of a United States treaty ally. Expresses support for the United States' enduring commitment to the North Atlantic Treaty Organization (NATO), to the sovereignty of allied nations, and to the principle that disputes among friends are resolved through diplomacy, not violence. Affirms that wars of aggression against allies are morally indefensible, strategically catastrophic, and incompatible with the values and obligations of the United States under international law. Calls upon all elected officials, regardless of party or office, to reject rhetoric and policies that would place American service members in the position of betraying allies and committing acts of unjust war. Expresses commitment to peace, alliance, and the rule of law.

States that the shared challenges and shared interests of disproportionately impacted urban communities and rural communities need to be addressed to develop and strengthen urban-rural partnerships and education to advance food systems, agriculture, and equitable economic development across Illinois. Urges State agencies, local governments, educational institutions, community-based organizations, farmers, workers, and small businesses to pursue new and expanded urban-rural partnerships that connect disproportionately impacted urban communities and rural communities through equitable food systems, workforce development, and local economic investment. Encourages education, outreach, and technical-assistance initiatives that promote agricultural literacy, food-system careers, entrepreneurship, and cross-regional understanding, with particular attention to disproportionately impacted urban communities and historically underserved rural areas. Supports policy frameworks that strengthen local and regional food infrastructure, protect farmland, expand urban agriculture in disproportionately impacted urban communities, improve market access, and address food-access gaps in both

urban and rural communities. Urges policymakers at all levels to reject false divisions between urban and rural Illinois and instead pursue inclusive, data-driven, and community-informed solutions that recognize collaboration and partnership as essential to the State's food security, economic resilience, and shared prosperity.

Strongly condemns the Chicago Teachers Union's proposed "Day of Civic Action", which is to be held on May 1, 2026, as an irresponsible misuse of the school day that places a public sector union's political priorities ahead of the educational needs of Chicago's children. Urges the Chicago Teachers Union and Chicago Public Schools to abandon this politicized event and instead dedicate every available school day to raising proficiency in the "three R's" of reading,

writing, and arithmetic so that every child in Chicago receives the basic education they deserve. Calls upon the Governor, the General Assembly, and officials of the Illinois State Board of Education to reject any further billions in new state funding for Chicago Public Schools until the district demonstrates measurable, sustained improvement in the three R's and stops diverting instructional time for political activism.
