To whom it may Concern,

We began utilizing body cameras in January 2024.

We have approximately 6 Deputies and 1 Sheriff, all of whom have been issued BWC's and are required to wear them in any law enforcement context.

All recordings of criminal, traffic, conservation and municipal violations are sent to the State's Attorney's office for review to determine if prosecution is necessary. The Sheriff and/or Sergeant's review body camera footage daily to ensure there are no issues with the BWC's.

We are not experiencing any technical issues with the BWC's at this time.

Sheriff Jordan Weiss
