## **Grundy County Sheriff's Office Body-Worn Camera Report**

The Grundy County Sheriff's Office is currently using 35 body-worn cameras. Every sworn deputy, from the Sheriff to the basic patrol deputy, has been issued a body-worn camera. We entered into a long-term contract with Motorola/Watchguard to provide body-worn and dash cameras and cloud-based storage for all videos. During the year of 2025, we deployed V700 model body-worn cameras.

At this time, there have been no major technical issues reported.

The following is a portion of our policy relevant to reviewing body-worn cameras footage.

### **468.8 REVIEW OF RECORDED MEDIA FILES**

Supervisors are authorized to review relevant recordings at any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing a member's performance.

Respectfully submitted,

Kevin Bogard  
Deputy Chief
