

**MERRIONETTE PARK POLICE DEPARTMENT
11750 S. KEDZIE AVENUE
MERRIONETTEPARK IL, 60803
(708) 396-3170**

To: The Illinois Law Enforcement Training and Standards Board
From: Chief of Police Mathew Ramirez
Date: 12 MAY 2026
Subject: Annual Body Worn Camera Report for 2025

To whom this may concern,

This report fulfills 50 ILCS 706/10-25 for the reporting year 2025. The Village of Merrionette Park has a population of roughly 2000 residents, and our agency complied with the rollout of body-worn cameras before the effective date of 01 JAN 2025. Our Axon Body-Worn Cameras were not purchased with a grant.

Below are the mandated reporting requirements;

- The Merrionette Park Police Department comprises twenty-nine (31) sworn officers, including eleven (13) supervisors and eighteen (18) patrol officers. Two (2) of the eleven officers assist as detectives.
- Merrionette Park has acquired a total of fifteen (15) cameras, which are shared among officers via the Axon Device Manager.
- We have not received any reports of technical issues at this time.
- Our review process begins with the Sergeants, who must review ten minutes of footage from each officer in their respective platoon each month. The Patrol Deputy Chief will review the supervisor's camera footage throughout.

I hope this report meets our requirements. If you have any questions, concerns, or guidance, please do not hesitate to contact me at (708) 690-7808 directly or by email.

Respectfully,
Chief Mathew Ramirez
