Includes provisions regarding supporting documentation for applications and claims. Provides that the Court shall issue a voucher for payment to the Comptroller of an emergency award after receiving notice of the decision to grant the emergency award, and if the Comptroller is not able to release the voucher for payment within 10 business days of receiving a voucher for payment from the Court, the Comptroller shall notify the Attorney General. Provides that if the amount of emergency compensation exceeds the actual amount the applicant incurs, the difference shall be repaid to the State. Provides that the Office of the Attorney General shall include a designated section in the application form for the applicant to request an emergency award. Makes other changes.

Provides that, if the notification was made more than 30 days (rather than 180 days) after the perpetration of the crime and the applicant establishes that the notice was timely under the circumstances, the Attorney General and the Court of Claims may extend the time for reporting to law enforcement. Provides that, if the Comptroller is not able to release the voucher for emergency payment within 10 business days of receiving a voucher for payment from the Court, the Comptroller shall notify the Court of Claims (rather than the Attorney General).

Provides that any provision of a contract between an entity and a school district for the purpose of obtaining, collecting, processing, storing, transmitting, displaying, or otherwise handling biometric information entered into on or after January 1, 2027 that conflicts with the provisions concerning student biometric information is void. If a school district collects biometric information from students for legitimate instructional purposes, requires the school district to adopt a policy that requires, within the context of the legitimate instructional purposes, the use of biometric information solely for identification or fraud prevention (rather than a policy that requires the use of biometric information solely for identification or fraud prevention).

Pension Note (Government Forecasting & Accountability)

SB 1454, as engrossed, is the identical to SB 1454, as amended by SA 1. SB 1454, as amended by SA 1, achieves the same underlying goal as the original SB 1454. Though, instead of amending the individual articles of the Illinois Pension Code, the Illinois Municipal Code is amended to mandate automatic enrollment for employees of cities with a population of 500,000 or more (Chicago) that participate in the Chicago Fire, Police and Municipal pension funds. SB 1454 automatically enrolls newly hired participants in the Chicago Fire, Police and Municipal funds into a qualified pre-tax defined contribution (DC) retirement plan that would operate alongside the existing defined benefit (DB) plans of the respective funds. The number of new entrants who would be auto-enrolled into the newly created DC plans is not known. Some context is available via P.A. 102-540, which mandated automatic DC enrollment of new hires in both TRS and SURS. SURS reported that 77% of new hires remained in their DC plan after the enrollment window, while TRS reported that 73% of new hires remained in their Supplemental Savings Plan (SSP).

In the provisions amending the School Code, restores current law regarding State goals and assessments and special education transition services. Requires the School Code Mandate Reduction Council to meet no less than 4 times between October 1, 2025 and September 1, 2026 (rather than between July 1, 2025 and December 1, 2025). With respect to online safety and media literacy, requires the State Board of Education, subject to appropriation, to prepare and make available multidisciplinary instructional resources and professional learning opportunities for educators (rather than requiring the State Board, by July 1, 2026, to create online safety education curriculum resource materials for all public schools); makes related changes. In a provision regarding general permissive education, changes references from "school", "eligible entity", and "entity" to "school or school board". Further amends the School Code to change (rather than repeal) a Section regarding final grades and promotion. Removes language from that Section providing that no public high school of a school district shall withhold a student's grades, transcripts, or diploma because of an unpaid balance on the student's school account and that at the end of each school year, the school district shall catalogue and report to the State Board the total amount that remains unpaid by students due to the prohibition.

Senate Floor Amendment No. 3

Provides that a school board may not discriminate against, punish, or penalize a student in any way because of an unpaid balance on the student's school account. Includes age and developmentally appropriate consent education (rather than consent education) as part of the comprehensive health education program; makes related changes.

In the School Code, adds additional members to the School Code Mandate Reduction Council. Provides that, on and after January 1, 2027, the members of the Council shall be reduced by 4 members.

Makes conforming typographical changes.

House Floor Amendment No. 4

In the School Code, adds an additional representative of a statewide professional teachers' organization and an additional representative of a different statewide professional teachers' organization to the School Code Mandate Reduction Council.

105 ILCS 5/10-22.34c

Amends the School Code. In a provision concerning third party non-instructional services, allows a board of education to enter into a one-time contract (rather than a contract), of no longer than 3 months in duration, with a third party for non-instructional services currently performed by an employee or bargaining unit member for the purpose of augmenting the current workforce in an emergency situation that threatens the safety or health of the school district's students or staff, provided that the school board meets all of its obligations under the Illinois Educational Labor Relations Act prior to entering into such a contract (rather than not specifying a time period). Defines "emergency situation". Provides that a board of education that attempts to enter into a contract with a third party for non-instructional services, as specified, more than once during a school year is required to receive the mutual agreement of the affected collective bargaining unit or units. Effective immediately.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Amends the School Code. In a provision concerning third party non-instructional services, allows a board of education to enter into a contract, of no longer than 3 months in duration, with a third party for non-instructional services currently performed by an employee or bargaining unit member for the purpose of augmenting the current workforce in an emergency situation that threatens the safety or health of the school district's students or staff, provided that (i) the school board meets all of its obligations under the Illinois Educational Labor Relations Act and (ii) the board of education posts all vacant positions used for augmenting the current workforce on the school district's website, in a manner that is easily accessible to the affected bargaining unit and the general public, as well as on all other platforms on which the board of education advertises its vacancies (rather than just provided that the school board meets all of its obligations under the Illinois Educational Labor Relations Act); defines "emergency situation". Provides that the board of education must post all vacant positions in the manner described in the amendatory provisions for the entirety of an emergency contract and the entirety of any reviewed emergency contract until the emergency contract expires. Provides that a board of education that attempts to renew or enter into any new contract of any type whatsoever for any reason whatsoever with a third party for non-instructional services to augment the current workforce for a group of employees in an emergency situation 2 times must follow specified steps or obtain mutual agreement with the affected bargaining unit, if any. The mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Provides that a board of education that attempts to renew or enter into any new contract of any type whatsoever for any reason whatsoever with a third party for non-instructional services to augment the current workforce for a group of employees in an emergency situation 3 times or more is required to obtain mutual agreement with the affected bargaining unit. Provides that the mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Effective July 1, 2026.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the engrossed bill, and makes the following changes: Changes the definition of "emergency situation" to mean a sudden and unforeseen event or change in circumstances that would result in a near-term interruption of non-instructional services that calls for immediate action. Provides that the board of education must post all vacant positions for the entirety of any renewed (rather than reviewed) emergency contract until the emergency contract expires. Provides that a board of education that attempts to renew or enter into any new contract with a third party for non-instructional services to augment the current workforce for that same group (rather than a group) of employees in an emergency situation 2 times must follow certain steps or obtain mutual agreement with the affected bargaining unit. Provides that a board of education that attempts to renew or enter into any new contract with a third party for non-instructional services to augment the current workforce for that same group (rather than a group) of employees in an emergency situation 3 times or more is required to obtain mutual agreement with the affected bargaining unit. Removes language that provides that the mutual agreement must be separate from the collective bargaining agreement that the affected bargaining unit has with the board of education. Provides instead that the mutual agreement may not be used by the affected bargaining unit as a means to compel the board of education to reopen the existing collective bargaining agreement. Requires the mutual agreement to include the development of a recruitment and retention plan. Effective July 1, 2026.

SB 01943

Sen. Meg Loughran Cappel

105 ILCS 5/10-20.33

Amends the School Code. Expands the definitions of "isolated time out" or "time out", "physical restraint" or "restraint", and "time out". Removes exceptions to the prohibition of prone restraint. Removes language providing that the parents or guardian of a student and the State Superintendent of Education shall be informed whenever isolated time out, time out, or physical restraint is used. Establishes complaint procedures to replace the complaint procedures set forth in the State Board of Education's rules. Provides that staff members responsible for implementing isolated time out, time out, or physical restraint must be trained in accordance with the system of non-violent intervention adopted by the school district and must be trained at least once every 2 years in a session that is not less than 6 hours. Requires the State Board to convene a group of stakeholders to annually review: (1) data associated with the use of physical restraint, time out, and isolated time out, and efforts made by public entities to reduce these practices; (2) strategies to reduce physical restraint, time out, and isolated time out; (3) decisions made by the State Board related to physical restraint, time out, and isolated time out; (4) student behavior and behavioral interventions that can be used as an alternative to physical restraint, time out, and isolated time out; and (5) professional development needed for public entities in behavioral interventions to ensure the proper use of physical restraint, time out, and isolated time out. Makes other changes.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes: Removes the phrase "improper use". In the definition of "isolated time out" or "time out", provides that in no instance may school personnel use mechanical, chemical, prone, or any other prohibited method of restraint. Makes other changes to definitions. Provides that in any instance of use of isolated time out, time out, or physical restraint, school district employees shall consider whether the student has an individualized education program or federal Section 504 plan that includes a behavior intervention plan and whether the use of isolated time out, time out, or physical restraint implicates that plan. Prohibits the use of a locked room or a room in which the door is obstructed, prohibiting it from opening, for isolated time out or time out unless the staff member supervising the room determines (rather than determines in the staff member's own best judgment) that the egress must be blocked for no more than 15 minutes (rather than a short period of time) in order to prevent the student from harming the student, the staff member, or another student (rather than to maintain safety of students and staff). Provides that the complaint procedure shall allow any organization or advocate to file a sworn, written complaint with the State Board of Education alleging concerns that a school district or other entity serving students has violated the time out, isolated time out, and restraint provisions, and includes information the complaint shall contain. Removes language requiring the State Board to annually convene a group of stakeholders regarding time out, isolated time out, and restraint. Corrects grammatical and terminology errors.

Provides that the Illinois Commerce Commission shall require projects submitted to a utility-scale renewable thermal energy network program for approval to include a proposed rate structure for thermal energy services supplied to network end users and consumer protection plans for end users. Provides that the Commission may approve the proposed rate structure if the projected heating and cooling costs for end users is not greater than the heating and cooling costs the end users would have incurred if the end users had not participated in the program. In provisions concerning the requirement that the Commission adopt certain rules, provides that such rules shall be adopted within 4 years of the effective date of the amendatory provisions (rather than within 4 years after the completion of the construction of all thermal energy network projects under the amendatory provisions). In provisions concerning the recovery of costs, provides that a gas public utility, electric public utility, or combination public utility developing a thermal energy network project that includes an industrial heat application may recover rates proportionally from each class of customer.
