This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence. While the proposed establishes a new program for First-Generation Homebuyer Down Payment Assistance, this is the establishment of a program that is not needed on the state level. IHDA's current Down Payment Assistance programs and IHDA's current homebuyer programs target first time home buyers exclusively AND they allow first generation homebuyers to already use them. Creation of a new program is redundant and would create more red tape and would not lower barriers for first time homebuyers.

Fiscal Note (Housing Development Authority)

This program is redundant and not needed as current Homebuyer and Down Payment assistance programs already do everything this bill proposes. This bill requires program rules that would need to be established and updated throughout the next year (1 FTE Lawyer / Legal Staff (\$200,000/year). Outside of establishment of new rules, the administration of this program could be covered under existing IHDA staffing levels except for the reporting requirements, which would require the hiring and maintenance of a program staff position or two. These position(s) would be required to meet reporting requirements and burdensome publishing requirements on an ongoing basis(\$100,000 - \$200,000 per year). Additional advertising would also need to occur which could add \$30K to the cost of administering this program.

Provides that if one or more items on a bill or invoice are disapproved, but not the entire bill or invoice, then the portion that is not disapproved must be transmitted to the Comptroller for payment. Changes the filing fees required under the Act as follows: a fee of \$15 for a petition seeking more than \$500 but less than \$10,000; and \$35 for a petition seeking more than \$10,000 or more. Requires that the court must allow claimants to submit documentation to amend and cure defects. Makes other changes. Authorizes the Court of Claims to adopt rules to implement the Act.

Cassidy, Lindsey LaPointe, Matt Hanson, Dave Vella, Justin Slaughter, Debbie Meyers-Martin, Stephanie A. Kifowit, Yolonda Morris, Dagmara Avelar, Anna Moeller, Aaron M. Ortiz, Rita Mayfield, Jaime M. Andrade, Jr., Sue Scherer and Lisa Davis

820 ILCS 405/612

from Ch. 48, par. 442

Amends the Unemployment Insurance Act. Provides that, with respect to a week of unemployment beginning on or after June 1, 2026, benefits shall be payable to an individual on the basis of wages for employment in other than an instructional, research, or principal administrative capacity performed for an educational institution or an educational service agency, as long as the individual is otherwise eligible for benefits. Effective immediately.

Fiscal Note (State Board of Education)

HB 4416 does not have a fiscal impact on the Illinois State Board of Education. Currently, most school district support staff are not eligible for unemployment benefits if they have reasonable assurance of employment continuing for the next school year. The bill makes these staff eligible for these benefits. Categories of staff impacted include paraprofessionals (classroom and individual aides), bus drivers, secretaries, cooks and cafeteria workers, health care aides, safety and security staff, and various other categories of staff not working twelve months. The State Board of Education does not collect the data required to determine a precise financial impact on school districts. However, estimations based on the Non certified Staff Salary Study suggest the statewide cost to school districts could be significant.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

HB 4416 adds both a financial and clerical mandate to school districts. Many school districts, in lieu of paying contributions, reimburse the State for the actual amount of any unemployment benefits paid. Because of this, special care is taken to ensure claims are accurate to minimize the impact on district finances. Additional staff time, and potentially additional clerical staff, will be needed to review and process the increase in claims that will follow should this bill become law. Ultimately, the State Board of Education cannot provide a comprehensive effect of the proposed mandate.

Fiscal Note (Dept. of Employment Security)

Pursuant to the Fiscal Note Act, 25 ILCS 50/1, the Illinois Department of Employment Security (Department) has reviewed House Bill 4416 and has determined that the legislation could have a fiscal impact on the Unemployment Insurance Trust Fund (UTF) and administrative costs for the Department. The Department gathered data from 2020 when the law was changed to remove the unemployment insurance

(UI) eligibility bar for non-instructional, non-principally administrative, and non-research academic employees, and ran a cost estimate using 2026 estimated wage data. The Department assumed that 75% of workers who were eligible at that time would be eligible for purposes of the cost estimate. This assumption was supported by labor market re-entry rates (members of this category of workers securing alternative seasonal employment), and the general choice of many unemployed individuals to not file for UI benefits. The Department estimated that the annual cost to provide these academic employees UI benefits between and within terms of academic years, assuming the employees are otherwise eligible for UI benefits, would be between \$138,000,000 and \$176,000,000.

Approximately 93% of the total amount of unemployment benefits would be paid dollar-for-dollar by public schools, colleges, universities, and not-for-profit academic institutions that make payments in lieu of contributions. Using the federal Resource Justification Model (RJM) for the cost of administering UI benefits, the Department additionally estimated that implementing HB 4416 would cost approximately \$3,600,000, including the cost of updating systems, processing new claims, administering the additional weekly benefits and appeals, and an increase in postage. The Department also asked the United States Department of Labor (USDOL) for a standard, informal conformity review of the language of this bill with federal regulations. USDOL did not note a conformity issue.

New Act

Creates the Prohibition on Anticompetitive Pharmaceutical Practices Act. Provides that, except as specified, a court before which the Attorney General brings an action under the Act shall presume that a resolution agreement that ends a dispute over an alleged infringement of a patent, or a violation of other protection for a protected drug, has anticompetitive effects and is a violation of the Act if, as part of or in connection with the resolution agreement, an alleged infringer: (1) receives an item of value; or (2) agrees to limit or stop researching, developing, manufacturing, marketing, or selling a competing drug. Provides that a resolution agreement does not violate the Act and a party to the resolution agreement may overcome the presumption of anticompetition if the party, by a preponderance of evidence, can demonstrate that: (1) the item of value that the alleged infringer received is fair and reasonable compensation solely for other goods or services that the claimant promised to provide to the alleged infringer; or (2) the agreement has directly generated procompetitive benefits within the relevant market and the procompetitive benefits of the resolution agreement favor competition to the extent that the procompetitive benefits materially outweigh the anticompetitive effects of the resolution agreement. Sets forth provisions concerning penalties and enforcement of the Act by the Attorney General. Provides that the Act applies to resolution agreements: (1) that are negotiated, completed, or entered into within the State on or after the effective date of this Act; (2) where the dispute arose out of or was substantially related to pharmaceutical sales that were made within the State; or (3) where a party to the resolution agreement is an entity registered to conduct business within the State.

Amends the School Code. Provides that, subject to appropriation, the State Board of Education, in consultation with the Department of Public Health, shall develop an educational document explaining, at a minimum, the values of good indoor air quality and shall supply the document to school districts. Provides that, subject to funding from the State Board, a school district shall ensure that all active classrooms are equipped with an air quality monitor.

Fiscal Note (State Board of Education)

HB 4739 amends the School Code to provide that, subject to funding from the Illinois State Board of Education, a school district shall ensure that all active classrooms are equipped with an air quality monitor. Section 2-3.12 of the School Code requires the inspection of all buildings in a school district once every 10 years. This statutory requirement helps populate the data collected in ISBE's health/life safety survey system about public school facilities, including school buildings, for all school districts other than Chicago Public Schools (CPS). Utilizing this health/life/safety survey data in combination with the ISBE Entity Profile System data the agency estimates that there are approximately 110,000 active classrooms statewide including CPS. It's possible that this number is understated, since many schools utilize smaller rooms that may be considered active classrooms for services such as tutoring, speech therapy and individual instruction.

HB 4739 does not specify what types of air quality monitors would be funded by an appropriation. Commercial air quality monitors can cost as little as \$200 to several thousands of dollars per unit. This bill also does not contemplate ongoing maintenance costs that districts might face, such as the cost of repairing or replacing damaged or obsolete monitors, or ongoing subscription costs that some monitors require. Ultimately, the State Board of Education cannot determine potential costs to districts. Agency implementation costs would likely be minimal; however, resources may be needed to support the application funding process.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

House Bill 4739 would require each school district in the state to equip all active classrooms within the district with an air quality monitor. Active classrooms are defined in the bill as a room currently being used for any duration of in-person instruction, which includes spaces typically thought of as classrooms as well as smaller spaces in which individual or small-group instruction may occur. The initial requirement is subject to appropriation. The legislation does not contemplate ongoing maintenance costs that districts will face, such as the cost of repairing or replacing damaged or obsolete monitors, or ongoing subscription costs that some monitors require.

New Act

Creates the Preventing Crisis Cost Shifting to Medicaid Act. Provides that the General Assembly finds that (i) behavioral health crisis services, including crisis call centers, mobile crisis response, and crisis stabilization and receiving services, function as essential public health infrastructure and must be available statewide without regard to insurance status; and (ii) commercial health insurance policies issued or administered in the State generally do not provide comprehensive coverage for the full continuum of behavioral health crisis services, resulting in the cost of such services being disproportionately borne by Medicaid, local governments, and taxpayers. Requires specified entities (surcharge payors) that are authorized to issue or administer a policy or contract of accident and health insurance or a health maintenance organization contract in the State to pay a behavioral health crisis assessment to the Department of Human Services for deposit into the Statewide 9-8-8 Trust Fund. Exempts Medicaid managed care organizations from paying the behavioral health crisis assessment. Permits the Department to update the total behavioral health crisis assessment amount as necessary to ensure the continued availability, quality, or geographic equity of the statewide behavioral health crisis system. Requires the Department to establish an appropriate mechanism for enforcing a surcharge payor's liability, which may include accrued interest on unpaid liabilities at a rate not to exceed 18% per annum and late fees or penalties at a rate not to exceed 5% per month. Provides that the enforcement mechanism may also include notification to the Department of Healthcare and Family Services to offset payments on the surcharge payor's claims. Provides that the Department of Human Services shall not direct the Department of Healthcare and Family Services to offset claims payments unless the surcharge payor has maintained an outstanding liability to the Statewide 9-8-8 Trust Fund for a period longer than 45 days and has received proper notice of pending enforcement.

Amends the Unemployment Insurance Act. Provides that the Department shall provide written or electronic confirmation to the affected employee that the claim-initiation information has been submitted on their behalf by the employer. Sets forth additional requirements. Provides for civil penalties for a violation of the provision.

Fiscal Note (Dept. of Employment Security)

Pursuant to the Fiscal Note Act, 25 ILCS 50/1, the Illinois Department of Employment Security (Department) has reviewed House Bill 4805 and has determined that the legislation could have a fiscal impact on the administrative costs for the Department.

The Department's cost estimate for this Fiscal Note assumes that information the Department receives from employers in the event of a layoff, furlough, or shutdown functions to initiate and file an unemployment insurance claim on behalf of each affected worker. The Department estimates that the administrative costs of reprogramming systems, administering new processes, engaging in rule-making, and related activities would be approximately \$1,000,000. The Department notes that some information required to initiate an unemployment insurance claim and appropriately determine an individual's weekly benefit amount would, in most cases, likely not be available to employers. The Department also notes that individuals would still be required to create their own account with identity-proofing methods required of all unemployment insurance claimants. The Department estimates that there would be a de minimis fiscal impact on the Unemployment Insurance Trust Fund. The Department has also asked the United States Department of Labor (USDOL) for a standard, informal conformity review of the language of this bill with federal regulations. USDOL has asked for clarification, and the Department is working with you and stakeholders to respond.

HB 04905 Rep. John M. Cabello-Dennis Tipsword, Dan Ugaste, Patrick Windhorst, David Friess and Tony M. McCombie

725 ILCS 5/110-1 from Ch. 38, par. 110-1
725 ILCS 5/110-6.1 from Ch. 38, par. 110-6.1

Amends the Code of Criminal Procedure of 1963. In the Pretrial Release Article of the Code, changes the definition of "willful flight" to include intentional conduct to elude arrest. In the definition, changes "thwart the judicial process to avoid prosecution" to "thwart the judicial process or avoid prosecution". Deletes from the definition that isolated instances of nonappearance in court alone are not evidence of the risk of willful flight. In the pretrial detention provisions, deletes a provision that one of the grounds for pretrial detention is the high likelihood of willful flight to avoid prosecution when the defendant is charged with certain specified offenses. Replaces that provision with just the high likelihood of willful flight and the person is charged with certain specified offenses.

HB 04906 Rep. Dennis Tipsword-John M. Cabello, Dan Ugaste, Patrick Windhorst, David Friess and Tony M. McCombie

725 ILCS 5/110-6.1 from Ch. 38, par. 110-6.1

Amends the Code of Criminal Procedure of 1963. Provides that upon verified petition by the State, the court shall hold a hearing and may deny a defendant pretrial release if the defendant is charged with: (1) violation of conditions of pretrial release, and it is alleged that the defendant's pretrial release poses a real and present threat to the safety of any person or persons or the community, based on the specific articulable facts of the case; or (2) a felony or misdemeanor offense and (i) has abused and manipulated the pretrial release system causing undue delay on the proceedings or (ii) has shown that he or she will not appear for court regardless of the conditions of release that are imposed. Establishes timelines for different offenses for filing petitions seeking pretrial detention. Provides that if the State seeks as a basis to file a petition for pretrial detention that a person charged with a felony or misdemeanor offense (i) has abused and manipulated the pretrial release system causing undue delay on the proceedings or (ii) has shown that he or she will not appear for court regardless of the conditions of release that are imposed, the State shall be required to present a verified application setting forth in detail the conduct of the defendant that forms the basis of the allegation that the defendant has abused and manipulated the pretrial release system causing undue delay on the proceedings or has shown that he will not appear for court regardless of the conditions of release that are imposed. Provides that upon verified application by the defendant, the court before which the proceeding is pending may reconsider the continued detention of the defendant. Provides that the defendant shall be required to present a verified application setting forth in detail any new facts not known or obtainable at the time of the previous detention hearing. Provides that if the court grants release where it had previously detained the defendant, the court shall state on the record of the proceedings the findings of facts and conclusions of law upon which such order is based. 40 ILCS 5/7-109

from Ch. 108 1/2, par. 7-109

30 ILCS 805/8.50 new

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. Provides that any person for whom a municipality contributed to both the Fund and a Taft-Hartley pension plan at a rate equal to or less than \$5 per hour worked since July 16, 2014 shall be deemed an employee under the Article from July 16, 2014 through the effective date of the amendatory Act. Provides that, after the effective date of the amendatory Act, a person shall be deemed an employee under the Article if the participating municipality pays an hourly contribution rate to a Taft-Hartley pension plan that is equal to or less than \$5 per hour worked. Makes a conforming change. Amends the State Mandates Act to require implementation without reimbursement.

Senate Committee Amendment No. 1

Provides that any person for whom a municipality contributed to both the Fund and a Taft-Hartley pension plan at a rate equal to or less than \$6 (rather than \$5) per hour worked since July 16, 2014 shall be deemed an employee under the Article from July 16, 2014 through the effective date of the amendatory Act. Provides that, after the effective date of the amendatory Act, a person shall be deemed an employee under the Article if the participating municipality pays an hourly contribution rate to a Taft-Hartley pension plan that is equal to or less than \$6 (rather than \$5) per hour worked.

Pension Note (Government Forecasting & Accountability)

According to IMRF HB 4909 may lead to minor administrative issues due to the need to keep track of Taft-Hartley pension plan participants and ensure that the aggregate of total annuity payments from both pension plans for those participants does not exceed the Internal Revenue Code Section 415(b) limit (which is \$290,000 as of CY 2026). IMRF believes the bill would impact only a small number of individuals who were previously ejected from IMRF for participating in a Taft-Hartley pension plan. The fiscal impact is expected to be negligible, as the increase in participants would be minimal. As of this writing, IMRF is neutral on this legislation.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause. Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. Provides that any person who is part of or becomes part of a bargaining unit for which a participating municipality is required to contribute to a Taft-Hartley pension plan under a collective bargaining agreement or other written agreement in effect on or before the effective date of the amendatory Act shall be deemed to be an employee for any period on or after July 16, 2014. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

Pension Note, Senate Committee Amendment No. 1 (Government Forecasting & Accountability)

According to IMRF HB 4909 (S-AM 1) may lead to minor administrative issues due to the need to keep track of Taft-Hartley pension plan participants and ensure that the aggregate of total annuity payments from both pension plans for those participants does not exceed the Internal Revenue Code Section 415(b) limit (which is \$290,000 as of CY 2026). IMRF believes the bill would impact a limited number of individuals (approximately 500 current IMRF members, or 0.25% of IMRF participating members) who are currently in an uncertain legal status due to participation in a Taft-Hartley pension plan. The fiscal impact is expected to be negligible, as the number of affected participants would be minimal. As of this writing, IMRF is now opposed to the bill due to its conferring benefits on a select group of IMRF members rather than the whole body of members.

Pension Note, Senate Floor Amendment No. 2 (Government Forecasting & Accountability)

According to IMRF, HB 4909 (S-AM 2) may lead to minor administrative issues due to the need to keep track of Taft-Hartley pension plan participants and ensure that the aggregate of total annuity payments from both pension plans for those participants does not exceed the Internal Revenue Code Section 415(b) limit (which is \$290,000 as of CY 2026). IMRF believes the bill would impact a limited number of individuals (approximately 500 current IMRF members, or 0.25% of IMRF participating members) who are currently in an uncertain legal status due to participation in a Taft-Hartley pension plan. The fiscal impact is expected to be negligible, as the number of affected participants would be minimal. HB 04911 (Continued)

Replaces everything after the enacting clause. Amends the Adult Protective Services Act. Provides that any employee of a financial institution who willfully fails to report as required by the Act shall be referred to the Department of Financial and Professional Regulation for possible disciplinary action. Expands the list of mandated reporters under the Act to include investment advisers and investment adviser representatives as defined in the Illinois Securities Law of 1953, dealers and salespersons as defined in the Illinois Securities Law of 1953, and employees of financial institutions who serve as branch managers or members of the compliance team. Provides that the term "financial institution" is limited to a federally or State-chartered bank, savings bank, savings and loan association, or credit union. Requires the Department on Aging to develop by joint rulemaking with the Department of Financial and Professional Regulation minimum training standards which shall be used by financial institutions for its employees. In provisions granting specified persons with access to Department records concerning reports of financial exploitation and other forms of abuse or neglect, extends such access to: (i) a court appointed executor or administrator (rather than an executor or administrator) of the estate of an eligible adult who is deceased, unless the executor or administrator is the abuser or the alleged abuser; and (ii) any court of competent jurisdiction with a valid court order for an in camera inspection (rather than a probate court with jurisdiction over the guardianship of an alleged victim). In cases where a coroner or medical examiner has reason to believe that an eligible adult has died as the result of abuse, abandonment, neglect, financial exploitation, or self-neglect, requires the Department (rather than the provider agency) to provide the coroner or medical examiner with all records pertaining to the eligible adult as soon as practicable. Provides that the Department, at its discretion, may provide its report records to any professional licensing board or commission, investigatory unit, prosecutorial unit, or similar disciplinary body if any substantiated abuser falls under its purview. Provides that all records not generated by the Department but obtained during the course of an Adult Protective Service investigation or related to an Adult Protective Service case, including, but not limited to, financial records and medical records, shall be confidential and shall not be disclosed except at the Department's sole discretion. Provides that such records may be obtained through intergovernmental agreements with the Department and are exempt from disclosure under the Freedom of Information Act. Requires the Department to establish, by July 1, 2028, a web-based portal to receive alleged or suspected reports of financial exploitation as well as other reports of alleged or suspected abuse, abandonment, neglect, or self-neglect. Amends the Illinois Securities Law of 1953. Provides that dealers, salespersons, investment advisers, and investment adviser representatives may issue an initial transactional hold when they have a reasonable suspicion that a transaction or disbursement from an account of an eligible adult may involve, facilitate, result in, or contribute to financial exploitation of that eligible adult. Grants criminal, civil, and administrative immunity to dealers, salespersons, investment advisers, and investment adviser representatives who hold a transaction in good faith or who contact or elect not to contact an eligible adult's trusted contact person when they have a reasonable suspicion that a transaction or disbursement from the eligible adult's account may involve, facilitate, result in, or contribute to financial exploitation of that eligible adult. Contains provisions concerning the duration of initial transactional holds and extended transactional holds; transactional hold notice requirements; and other matters. 705 ILCS 405/5-810

Amends the Juvenile Court Act of 1987. Provides that the State's Attorney may file a written petition, at any time prior to commencement of the minor's trial, to designate the proceeding as an extended jurisdiction juvenile prosecution when the petition alleges the commission by a minor 15 (rather than 13) years of age or older of any offense that would be a felony if committed by an adult. Provides that, upon filing of a petition, the judge shall conduct a hearing at which he or she shall first determine whether there is probable cause to believe that the allegations in the petition and motion are true. Provides that, if probable cause is found, the judge may enter an order designating the proceeding as an extended jurisdiction juvenile proceeding if the judge makes a finding based on clear and convincing evidence that sentencing under the Unified Code of Corrections may be appropriate for the minor based on an evaluation of certain factors. Provides that the judge shall consider: (1) the minor's age, impetuosity, and level of maturity at the time of the offense, including the ability to consider risks and consequences of behavior, and any presence of cognitive or developmental disability, or both, including if a comprehensive mental health evaluation of the minor was conducted by a qualified mental health professional, the outcome of the evaluation; and (2) the history of the minor, including the minor's family, home environment, educational and social background, including any history of parental neglect, domestic or sexual violence, sexual exploitation, physical abuse, or other childhood trauma, including adverse childhood experiences. Makes other changes.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill. Restores the minimum age of 13 at which a petition may be filed to designate the proceeding as an extended jurisdiction juvenile prosecution. Restores various factors that the judge may consider in designating a proceeding an extended jurisdiction juvenile prosecution. Deletes as a factor the consideration of the minor's impetuosity and level of maturity. Provides that the offenses that may be considered by the State's Attorney in determining whether to file a petition to revoke the stay of an adult sentence under the Unified Code of Corrections include a felony offense involving the use or unlawful possession of a firearm. Provides that after a hearing, if the court finds by clear and convincing evidence (rather than beyond a reasonable doubt) that the minor committed a new qualifying offense, that there is a rebuttable presumption that the court may order execution of the previously imposed adult criminal sentence. Provides that after a hearing, if the court finds by clear and convincing evidence that the minor committed a new qualifying offense, there is a rebuttable presumption that the court shall order execution of the previously imposed adult criminal sentence unless the new offense is a non-violent forcible felony or a Class 4 felony unlawful possession of a weapon offense and the defendant is 18 years of age or older. Provides that if the court declines to order execution of the previously imposed adult criminal sentence, the court may continue the minor on the existing juvenile sentence with or without modifying or enlarging the conditions.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill. Provides that if an adjudicated delinquent in an extended jurisdiction juvenile prosecution is alleged to have committed a new qualifying offense, other than a forcible felony, as defined in the denial of pretrial release provisions of the Code of Criminal Procedure of 1963 or a Class 3 or higher felony offense involving use or unlawful possession of a firearm, the court may order execution of the previously imposed adult criminal sentence if, after a hearing, the court has found by clear and convincing evidence the minor committed the offense. Provides that if the court declines to order execution of the previously imposed adult criminal sentence, the court may continue the minor on the existing juvenile sentence with or without modifying or enlarging the conditions. Makes other changes.

from Ch. 40, par. 505
from Ch. 40, par. 510

Amends the Illinois Marriage and Dissolution of Marriage Act. Provides for a child support calculation for shared physical care in which each parent exercises 110 or more overnights per year with the child or 110 or more overnight equivalents as determined by a court as a deviation from guidelines or upon agreement by the parties. Provides that overnight equivalents are calculated by using a method other than overnights if the parent has significant parenting time periods on separate days in which the child is in the parent's physical care and under the direct care of that parent but does not stay overnight. Provides that if parents have shared physical care of a child, the basic child support obligation is multiplied by 1.5 to calculate the combined shared care child support obligation; the court shall determine each parent's portion of the shared care child support obligation based on the parent's percentage share of combined adjusted net income; the shared care child support obligation is then computed for each parent by multiplying that parent's portion of the shared care support obligation by the percentage of time the child spends with the other parent and determining any adjustment for shared physical custody that is less than 146 overnights or overnight equivalents. Provides that the respective shared care child support obligations are then offset with the parent owing more paying the difference in child support. Creates a statutory table to calculate the child support if a parent has physical shared custody for less than 146 overnights or overnight equivalents per year. Provides that the shared care child support obligation after adjustment may not be greater than the amount that would have been ordered under the basic support guidelines in any event. Provides that a parent incarcerated for more than 180 days is presumed to be unable to pay any amount of child support, and this presumption may be rebutted by evidence establishing the ability to pay child support during incarceration. Provides a rebuttable presumption that a minimum child support obligation of \$40 per month, per child, will be entered for an obligor who has actual or imputed gross income at or less than 100% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for a family of one person.

New Act

Creates the Aligning Recommendations with Children's Actual Clinical and Emergency Needs and Determinations Act (ARC-ACEND). Provides that if a child who is the subject of a custody or parenting-time dispute has a serious medical condition, all recommendations made by guardian ad litem, child representative, evaluator, mediator, or other court-appointed officer are deemed provisional and may not be used by the court until a qualified medical provider certifies, in writing, that the recommendation is consistent with the child's clinical needs and medical best interests. Requires that if a qualified medical provider determines that a provisional recommendation is not consistent with the child's clinical needs or medical best interests, the recommendation must be modified to at least the minimum extent necessary to achieve consistency with the recommendations of the qualified medical provider. Provides that nothing in the Act may be construed to limit the court's authority to order additional or more protective modifications if consistent with the child's clinical needs or medical best interests, but the court may not impose less protective measures or measures inconsistent with the qualified medical provider's recommendations. Requires that if the court alters the recommended modifications of the qualified medical provider, it must rule in writing and specify the reasons for the alteration, and the qualified medical provider and the child's primary caregiver must be given an opportunity to respond before the order becomes final. Provides that for any child with a serious medical condition, it is per se contrary to the child's medical best interests to be separated from a safe parent who is primarily or predominantly responsible for the child's day-to-day condition-related care, monitoring, or condition management. Provides that this presumption may be rebutted only by clear and convincing evidence, supported by qualified medical testimony, that separation is medically necessary for the child's safety or clinical well-being.

Effective immediately.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Amends the General Obligation Bond Act. Authorizes an additional \$700,000,000 (rather than \$1,000,000,000) of State Pension Obligation Acceleration Bonds. Makes a conforming change. Amends the State Employees, State Universities, and Downstate Teachers Articles of the Illinois Pension Code. Extends the option for a participant to receive an accelerated pension benefit payment in lieu of any pension benefit or for a reduction in the increases to his or her annual retirement annuity and survivor's annuity to June 30, 2028 (instead of June 30, 2030). Effective immediately.

House Floor Amendment No. 2

In provisions amending the General Obligation Bond Act, authorizes an additional \$1,000,000,000 (rather than \$700,000,000) of State Pension Obligation Bonds. In language providing an exception to a limitation on bond issuance, excludes bonds authorized by certain changes made to the Act by Public Act 104-8 and bonds authorized by the amendatory Act. Makes a grammatical change.

Pension Note, House Floor Amendment No. 2 (Government Forecasting & Accountability)

HB 5196, as amended by HA 2, would extend the Accelerated Pension Buyout programs for two additional years, through June 30, 2028, and authorize an additional \$1 billion in State Pension Obligation Acceleration Bonds to pay for the buyouts, bringing the total bond authorization for these programs to \$3.2 billion. According to SERS, SURS, and TRS, the programs have resulted in an estimated \$2.6 billion reduction in liabilities and required approximately \$2 billion in buyout payments, based on the most recently provided data from each system (ranging from June 2025 to January 2026). Given the experience of the buyout programs to date, it may be reasonable to anticipate similar participation patterns during the extended period under HA 2, which could help reduce the liability. However, estimating the precise reduction in pension liabilities is uncertain by nature, as participation is voluntary and individual member decisions play a significant role in determining overall program impact.

Provides that a local government, whether exempt or non-exempt under the Act, may adopt measures regarding the preservation of existing affordable housing, including home modifications to support accessibility. Makes several technical changes.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that the Act may be referred to as Deb's Law. Makes findings. In the interpreter attachment for a written request for medication form, requires an interpreter to attest that the patient consulted with an attending physician (rather than an attending physician and a consulting physician). In provisions regarding attending physician responsibilities, removes a requirement for the attending physician to ensure that a patient does not take the aid-in-dying medication in a public place (but does not remove a requirement to provide information to the patient on not taking the aid-in-dying medication in a public place). Removes a way for a patient to establish residency. Provides that intentionally misleading a patient constitutes coercion or undue influence (rather than just coercion). Makes changes to provisions regarding health care entity protections and permissible prohibitions and duties. Removes a requirement that the Department of Public Health collect and review forms to ensure compliance. Provides that certain information collected is not a public record, is not available for public inspection, and is not available through the Freedom of Information Act. Provides that the Department of Insurance shall enforce the provisions of this Act with respect to certain insurance policies. Requires the Department of Public Health and the Department of Veterans Affairs to adopt rules. Makes conforming changes in the Freedom of Information Act. Effective 9 months after the Act becomes law.
