Requires a holder of property in which a charitable organization that is exempt from taxation as a 501(c)(3) entity is a designated beneficiary in a nonprobate instrument (excluding wills or trusts) to notify each charitable organization within 30 business days that it may have a right to the property. Creates a process in which the charitable organization may request that it be given information about the property or that the property be delivered to the charitable organization or both. Provides duties and obligations of the holder of the property. Provides the holder of the property protection from liability for a good faith reliance on the information it receives from a designated beneficiary. Provides remedies against a holder of property for a failure or refusal to provide the requested information or transfer of property if the provisions of the Act are followed. Defines terms.

Requires that the notice of death to the owner of property include the exact language of the beneficiary designation except that the names of any other beneficiaries that are not charitable organizations may be redacted. Provides that nothing in the Act alters the duties of the holder of the property under the Revised Uniform Unclaimed Property Act or the Unclaimed Life Insurance Benefits Act. Requires that the holder of the property must provide notice to each charitable organization listed under the beneficiary designation that the charitable organization may have a right to the property within 45 business days of the death of the owner of the property. Deletes provisions that provide that (i) any right or title acquired from the charitable organization in consideration of the provision of property or information under the Act is not invalid because of an inadvertent misapplication by the charitable organization; and (ii) a transaction and a lien created by a transaction entered into by the charitable organization and anyone acting in reliance on the affidavit under the Act is enforceable against the property. Provides that if the holder of the property fails or refuses to provide the requested property or information within 60 business days after receiving the affidavit, the charitable organization may bring an action against the holder of the property to receive the information about the property or recover the property or compel the delivery of the property. Provides that the court may award reasonable attorney's fees based on the time expended by the attorney to obtain the requested information or payment, delivery, or transfer of the property without regard to the amount of the recovery on behalf of the charitable organization. Deletes the requirement that verification of a charitable organization's authority may not exceed 30 days from the date of delivery of the affidavit.

105 ILCS 5/24-12

Amends the Employment of Teachers Article of the School Code. In a provision requiring a school board, before setting a hearing on charges stemming from causes that are considered remediable, to give a teacher reasonable warning, in writing, stating specifically the causes that, if not removed, may result in charges, allows a teacher to grieve the issuance of such warning pursuant to the applicable collective bargaining agreement to determine whether the board had just cause in issuing the warning. Requires the written warning to narrowly specify the nature of the alleged misconduct that needs to be remedied. Provides that under no circumstances may the written warning remain effective for longer than 4 years from the date of the issuance of the written warning. Requires the school district to use reasonable efforts to remove the written warning from the teacher's personnel file after the 4 years have elapsed or sooner if agreed to through the exclusive bargaining representative, with an exception. Effective immediately.

Provides that nothing in the provisions precludes a board from asserting that the specific conduct alleged in the original warning is part of an alleged pattern of behavior, but any subsequent action must be reasonably related to the specific conduct alleged in the original warning. Allows the teacher to request and requires the teacher to be granted an opportunity to respond to the findings in the written warning, either in person or in writing before the board, prior to the board's formal vote to approve the warning. Provides that if the teacher is in disagreement with the final action of the board, the teacher may take the written warning to binding arbitration. Provides that the arbitrator shall have the power to render a decision on the written warning, which shall be final and binding on both parties. Provides that each party shall pay one-half of the cost of the arbitration proceedings and each party is entitled to representation of the party's choosing at all stages in this process. 40 ILCS 5/16-118

from Ch. 108 1/2, par. 16-118

Amends the Downstate Teacher Article of the Illinois Pension Code. Provides that, through June 30, 2029 (instead of June 30, 2026), an annuitant may accept employment as a teacher without impairing his or her retirement status if that employment is not within the school year during which service was terminated and does not exceed 120 paid days or 600 paid hours in each school year, but not more than 100 paid days in the same classroom. Makes a conforming change. Effective immediately.

Pension Note (Government Forecasting & Accountability)

SB 2953 extends the sunset date of the current limitations on annuitant return-to-service (120 paid days or 600 paid hours in each school year) by three years, through June 30, 2029. Under current law, the aforementioned limitations are scheduled to sunset on June 30, 2026, after which the prior return-to-work limitations of 100 paid days or 500 paid hours will again apply beginning July 1, 2026. Therefore, SB 2953 allows retired teachers to return to service for a longer period of time under the 120-day/600-hour limitation than would otherwise be allowed under current law. The fiscal impact on TRS of allowing retired teachers to work 20 more days or 100 more hours in a school year without impairment of annuity status is expected to be minimal, as participation under the extended limitation is likely to be relatively small; however, the precise impact would depend on the number of annuitants who elect to return to work.

Provides that a charter operator that fails to execute a renewal agreement within a specified period may not continue to operate the charter school beyond the expiration of the existing charter term and is subject to closure procedures. Requires every charter operator to maintain closure security. Provides that failure to maintain closure security is a basis for the authorizer to withhold a portion of per-pupil payments until compliance is achieved and for consideration in denying a charter renewal or revoking the charter or ineligibility to operate additional charter campuses. Provides that if the closure security is insufficient to cover the costs of a closure event, the authorizer or the State Board of Education may bring a civil action against the charter operator to recover the unpaid amounts and seek to impose a lien on any property owned by the charter operator to secure recovery. Provides that if an authorizer determines that a charter school is in financial distress, the authorizer may require the charter operator to submit a financial remediation plan within 30 days. Provides that if the authorizer determines that the charter school has failed to implement an approved remediation plan or the financial distress presents an immediate risk to students, employees, or public funds, the authorizer may initiate financial intervention by appointing an independent fiscal manager approved by the authorizer and the State Board. Allows the fiscal manager to exercise authority limited to financial matters. Provides that financial intervention is temporary and may not exceed 180 days, except that the authorizer may extend the intervention once for good cause. Makes other changes. Effective immediately.

Senate Floor Amendment No. 2

105 ILCS 5/27A-9

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes. Provides that a charter may be revoked or not renewed if the school board or the State Board of Education clearly demonstrates that the charter school failed to execute a charter contract after good faith negotiations. Removes language providing that: upon approval of a charter renewal by an authorizer, the charter operator shall execute the renewal agreement no later than 90 days after the date of the authorizer's final renewal approval; a charter school that is deemed nonrenewed is ineligible to receive any payments from a school district; and a charter operator that fails to execute a renewal agreement within a specified period may not continue to operate the charter school beyond the expiration of the existing charter term and is subject to closure procedures. Provides that for an initial agreement, no public funds may be disbursed to a charter holder unless and until a charter agreement has been fully executed by both the charter holder and the authorizer. Provides that after the initial agreement, the charter holder and the authorizer shall negotiate the terms of the charter renewal agreement within 90 days after the authorizer's passage of a renewal resolution consistent with applicable State law and district policy. Provides that a charter operator's refusal to execute a charter renewal agreement that incorporates the requirements of State law or district signed-agreement requirements constitutes grounds for nonrenewal. Provides that any remaining closure security funds after satisfaction of obligations shall be returned to the authorizer and shall remain public funds in accordance with State and federal law. With regard to closure financial accountability, allows the State Board to act in its regulatory oversight capacity for all authorizers and in its capacity as an authorizer for charter schools it directly authorizes under the Charter Schools Law. Makes other changes. Effective immediately.

Adds reference to:

30 ILCS 805/8.50 new

Replaces everything after the enacting clause with the engrossed bill with the following changes. Amends the Downstate Firefighter Article of the Illinois Pension Code. Provides for a increase in the line of duty disability pension that continues to be paid to a firefighter's survivors after the death of the firefighter to \$50,051.76 and adjusted by a simple 3% increase annually from the initial adjustment if: (1) the firefighter died in 2023; (2) the firefighter died less than 6 months before his or her 60th birthday; and (3) by no later than one year after the effective date of the amendatory Act, the board of trustees of the fire protection district adopted an ordinance or resolution granting the increase. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

Pension Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)
Increasing the continuing disability pension paid to survivors to \$50,051.76 would have a fiscal impact on applicable local downstate firefighter pension funds, limited to survivors who would meet the eligibility requirements. It is not known how many would be eligible for the increase provided in SB 3403, as amended by HA 1. However, the number of eligible survivors is expected to be limited due to the restrictive requirements. There would be no fiscal impact associated with the changes to ISBI, as the changes are purely administrative.

SB 03404 (Continued)

Pension Note (Government Forecasting & Accountability)

SB 3404, as engrossed, is nearly identical to the introduced bill, with two major exceptions; the buyout plans are optional for municipalities to establish (explicated stated in the engrossed bill), and the Chicago Teachers Pension Fund (CTPF) is added as an eligible system. However, the anticipated fiscal impact would be the same, but now dependent on the number of eligible employers that elect to establish the two buyout programs. SB 3404, as engrossed, creates the two buyout programs—Total buyout and the COLA (or AAI) buyout—for the affected pension funds, mirroring the existing buyout programs currently available in the State’s “Big 3” retirement systems (SERS, SURS, and TRS). According to SERS, SURS, and TRS, the buyout programs have resulted in an estimated \$2.6 billion reduction in liabilities and required approximately \$2.0 billion in buyout payments, based on data previously provided from each system (ranging from June 2025 to January 2026).

Fiscal Note, Senate Floor Amendment No. 2 (Government Forecasting & Accountability)

SB 3404 (S-AM 2) is nearly identical to the underlying bill, with two major exceptions; the buyout plans are optional for municipalities to establish (explicated stated in SA 2), and the Chicago Teachers Pension Fund (CTPF) is added as an eligible system. However, the anticipated fiscal impact would be the same, but now dependent on the number of eligible employers that elect to establish the two buyout programs. SB 3404 (S-AM 2) creates the two buyout programs—Total buyout and the COLA (or AAI) buyout—for the affected pension funds, mirroring the existing buyout programs currently available in the State’s “Big 3” retirement systems (SERS, SURS, and TRS). According to SERS, SURS, and TRS, the buyout programs have resulted in an estimated \$2.6 billion reduction in liabilities and required approximately \$2.0 billion in buyout payments, based on the most recently provided data from each system (ranging from June 2025 to January 2026).

Senate Committee Amendment No. 1

Deletes reference to:
225 ILCS 95/20

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Provides that "physician assistant practice" means the performance of any medical service (rather than any legal medical service) for which the physician assistant has been prepared by the physician assistant's education, training, and experience and is competent to perform as determined through an employment agreement or the credentialing and privileging system of a licensed facility. Provides that no physician assistant shall use the title of doctor, physician, or associate with his or her name or any other term that would indicate to other persons that the physician assistant is a licensed physician (rather than a title or term that would indicate to other persons that he or she is qualified to engage in the general practice of medicine). Provides that no person shall use the title physician assistant, physician associate, PA, PA-C, or any other term that would indicate to other persons that the person is a licensed or board-certified physician assistant unless the person is licensed as a physician assistant under this Act. In a provision concerning continuing education for physician assistant license renewal, provides that continuing education programs shall be relevant to physician assistant practice (rather than shall be in the physician assistant's area of practice) and may be conducted or endorsed by educational institutions, hospitals, professional associations, or other organizations approved to offer continuing education under the Act or rules. Provides that a physician assistant with optimal practice authority may prescribe Schedule II narcotic drugs only in a consultation relationship with a physician. Provides that the consultation relationship shall be recorded on the Prescription Monitoring Program website, pursuant to the Illinois Controlled Substances Act, by the physician and the physician assistant with optimal practice authority, and is not required to be filed with the Department of Financial and Professional Regulation. Provides that at least monthly, the physician assistant with optimal practice authority and the physician must discuss the condition of any patients for whom a Schedule II narcotic drug is prescribed. Provides that the consultation relationship shall provide for physician availability for consultation on complex clinical cases and prescribing decisions, but shall not require the physical presence of the physician or constitute a written collaborative agreement (rather than a supervisory or collaborative agreement). In a provision concerning limitations, removes the prohibition that, pursuant to the Professional Service Corporation Act and the Medical Corporation Act, a person licensed under the Physician Assistant Practice Act of 1987 may not own a corporation for the purposes of practicing medicine. Removes the prohibition that, pursuant to the Professional Limited Liability Company Act, a person licensed under the Physician Assistant Practice Act of 1987 may not own a professional limited liability company for the purposes of practicing medicine. 750 ILCS 5/505

from Ch. 40, par. 505

750 ILCS 5/510

from Ch. 40, par. 510

Amends the Illinois Marriage and Dissolution of Marriage Act. Provides for a child support calculation for shared physical care in which each parent exercises 110 or more overnights per year with the child or 110 or more overnight equivalents as determined by a court as a deviation from guidelines or upon agreement by the parties. Provides that overnight equivalents are calculated by using a method other than overnights if the parent has significant parenting time periods on separate days in which the child is in the parent's physical care and under the direct care of that parent but does not stay overnight. Provides that if parents have shared physical care of a child, the basic child support obligation is multiplied by 1.5 to calculate the combined shared care child support obligation; the court shall determine each parent's portion of the shared care child support obligation based on the parent's percentage share of combined adjusted net income; the shared care child support obligation is then computed for each parent by multiplying that parent's portion of the shared care support obligation by the percentage of time the child spends with the other parent and determining any adjustment for shared physical custody that is less than 146 overnights or overnight equivalents. Provides that the respective shared care child support obligations are then offset with the parent owing more paying the difference in child support. Creates a statutory table to calculate the child support if a parent has physical shared custody for less than 146 overnights or overnight equivalents per year. Provides that the shared care child support obligation after adjustment may not be greater than the amount that would have been ordered under the basic support guidelines in any event. Provides that a parent incarcerated for more than 180 days is presumed to be unable to pay any amount of child support, and this presumption may be rebutted by evidence establishing the ability to pay child support during incarceration. Provides a rebuttable presumption that a minimum child support obligation of \$40 per month, per child, will be entered for an obligor who has actual or imputed gross income at or less than 100% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for a family of one person.

Senate Floor Amendment No. 1

Provides that a child support order entered must include a provision requiring both parents to exchange income information annually, and either parent must report to the other parent and to the clerk of court within 10 days each time either parent obtains new employment and each time either parent's employment is terminated for any reason. Provides that the information exchanged or reported must be in writing and verify the parent's net income. Provides that in the case of new employment, the information must include the name and address of the new employer. Adds a January 1, 2027 effective date.
