Representative Edgar González, Jr.
HB 01607 (Continued)

Creates the Commission on Eliminating Food Deserts Act. Establishes the Commission on Eliminating Food Deserts in the Office of the Lieutenant Governor for the purpose of reviewing the effectiveness of current State-led efforts to eliminate food deserts in Illinois and advising the General Assembly on policy, funding, initiatives, and best practices for the elimination of food deserts in Illinois. Describes the membership of the Commission. Provides that the Commission shall convene at the call of the chairperson and meet as frequently as necessary to carry out its duties. Provides that the Office of the Lieutenant Governor shall provide administrative and other support to the Commission. Provides that commissioners shall serve without compensation but shall be reimbursed for their reasonable and necessary expenses from funds appropriated for that purpose. Provides that the Commission shall submit a report to the Governor and the General Assembly on or before January 1, 2027, with annual addenda thereafter. Provides that the Act is repealed and the Commission is dissolved if 90% of food deserts in this State have been eliminated, with certain requirements. Defines terms.

House Committee Amendment No. 1

In provisions concerning the Commission on Eliminating Food Deserts, adds a commissioner who is a representative of labor organizations, appointed by the Governor, to members of the Commission.

House Floor Amendment No. 2

Provides that the Director of Commerce and Economic Opportunity or the Director's designee serves on the Commission as an ex officio, nonvoting, advisory member.

House Floor Amendment No. 3

Provides that the Commission on Eliminating Food Deserts is established in the Department of Public Health (rather than the Office of the Lieutenant Governor), and that the Department of Public Health (rather than the Office of the Lieutenant Governor) shall provide support to the Commission. Replaces the Lieutenant Governor or the Lieutenant Governor's designee as chairperson on the Commission with the Director of Public Health or the Director's designee as chairperson. Adds the Director of Aging or the Director's designee to the Commission.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill with the following changes. Retitles the Act as the Task Force on Eliminating Food Deserts Act (rather than the Commission on Eliminating Food Deserts Act), and makes corresponding changes throughout the Act. Changes the date of the submission of the report by the Task Force to January 1, 2028 (rather than January 1, 2027). Deletes provisions regarding the submission of an addendum noting the percentage of food deserts in the State that have been eliminated since the submission of the report, and deletes provisions that trigger repeal if 90% of food deserts have been eliminated. Provides that the Act is repealed and the Task Force is dissolved upon the submission of the report by the Task Force, with certain filing requirements.

HB 04248 (Continued)

Replaces everything after the enacting clause. Creates the Algorithmic Pricing Prohibition Act. Provides that a person or entity that sells or offers to sell consumer goods or services to consumers in this State shall not engage in surveillance pricing (algorithmic pricing that uses a consumer's personal data to generate a price for consumer goods or services that is set for a consumer based on the consumer's personal data). Provides that the Act does not apply to: specified types of price changes; algorithmic pricing models that do not use personal data; or the use of consumer personal data for purposes of determining creditworthiness or underwriting a consumer's ability to repay. Provides that the Attorney General may: investigate a claim that a person violated the Act; bring an action in the name of the People of this State to restrain or enjoin by preliminary or permanent injunction the person from violating the Act; seek restitution and petition a circuit court for the assessment of a civil penalty; and recover all reasonable costs of bringing an action. Provides that a person who violates the Act is liable for a civil penalty of not more than \$50,000 for each violation. Preempts home rule. Provides that nothing in the Act shall be construed to limit any federal or State law.

House Floor Amendment No. 3

Removes language providing that the Act does not apply to price changes that are the result of any bona fide price change that is reasonably attributable to legitimate business considerations. Provides that the Act does not apply to (i) algorithmic pricing models that do not use personal data, including models based on aggregate market demand, which includes changes in market demand, competitive conditions, and the seller's cost structure, (ii) the pricing of any contract or policy of insurance that is subject to rules regarding pricing to consumers adopted by the Department of Insurance, including a surety contract, a dental service plan, a health care plan, a limited health care plan, or a voluntary health services plan, or (iii) any provider of financial services, including a financial institution, a financial institution affiliate, a broker-dealer, a registered investment advisor, or an entity that provides consumer credit products, such as credit cards, personal loans, and mortgages, that is subject to rules adopted by the Department of Financial and Professional Regulation or rules or regulations adopted by any federal financial regulatory agency regarding pricing or disclosures, including terms disclosed to consumers.

Provides for enforcement under the Consumer Fraud and Deceptive Business Practices Act. Provides that any waiver of the provisions of the Act is void and unenforceable as contrary to public policy. Limits home rule powers. Amends the Consumer Fraud and Deceptive Business Practices Act to make a conforming change.

Provides that the Act may be referred to as the Safeguards to Ensure Continuity and Uphold Rights and Equity (SECURE) Act. Sets forth several legislative findings, including that (i) Illinois retains a non-delegable duty to safeguard the safety, health, dignity, and well-being of all youth in the care or custody of the Department of Children and Family Services, and (ii) the Department must respect and meaningfully consider a youth's expressed preferences in placement options while conducting transparent, individualized risk assessments. Amends the Children and Family Services Act. Adds provisions concerning case plans for youth in care and the specific tasks and responsibilities a caregiver must complete to ensure each youth is provided with safe, proper, and supportive care based on the youth's needs and best interests, including, but not limited to, the youth's protected characteristics as defined under the Illinois Human Rights Act. Contains provisions concerning requirements for interstate placements of youth age 8 or older, including, but not limited to: protecting a youth's access to lawful health care and civil immunities for Department employees who protect a youth's access to lawful health care; individualized assessments on the suitability and risks of the proposed interstate placement; ongoing Illinois-based case worker contact and monitoring; and a prohibition on consent to conversion therapy. Contains provisions on youth requested in-state or out-of-state placement and other related matters; annual Department reports on out-of-state placements; performance audits; private right of action; and other matters. Amends the Child Care Act of 1969 by adding provisions on supportive care for youth in care; youth-directed placement rights; licensure and contractual compliance. Amends the Juvenile Court Act of 1987. Adds provisions on the appointment of an attorney for a youth in care with special needs; required Department attestations on caregiver conduct when a youth is placed in an out-of-state residential treatment center; assessments and monitoring for minors in out-of-state placements; and other matters. Affirms voting is a protected civic activity that must be free from intimidation, fear, or the appearance of law enforcement surveillance unrelated to election administration. Declares immigration enforcement activity at or in the immediate vicinity of polling places, early voting locations, ballot drop boxes, voter registration sites, and election offices undermines public confidence in elections and the democratic process. Urges all federal agencies, including U.S. Immigration and Customs Enforcement, to refrain from conducting civil immigration enforcement operations at or near locations where voting or election administration is taking place. Affirms the authority of the State of Illinois to administer elections without interference from unrelated federal enforcement activity. Encourages election authorities, in coordination with the Illinois State Board of Elections, to promote voter education and clear guidance to ensure voters understand their rights and feel safe participating in the electoral process.

Amends the Chicago Firefighter Article of the Illinois Pension Code. Provides that the Retirement Systems Reciprocal Act (Article 20 of the Code) is adopted and made a part of the Chicago Firefighter Article, but only with respect to a person who, on or after the effective date of the amendatory Act, is entitled under the Chicago Firefighter Article to begin receiving a retirement annuity or survivor's annuity and who elects to proceed under the Retirement Systems Reciprocal Act. Amends the State Mandates Act to require implementation without reimbursement by the State.

Pension Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)

HB 2705 (H-AM 1) amends various provisions of the Illinois Pension Code pertaining to public safety employees, including ensuring Tier 1 status and providing for reciprocity, among other changes. An actuarial study would need to be completed in order to determine the fiscal impact of HB 2705 (H-AM 1) To the extent that this bill allows public safety employees with prior service (including non-public safety Tier 1 service) in other pension funds to qualify for Tier 1 status, liabilities of the applicable pension funds would increase. In regard to reciprocity, to the extent that the affected pension funds would be required to pay a pension for non-vested service that currently only qualifies for a refund of contributions, there could be a financial impact, as liabilities would increase in such situations. The magnitude of this impact would depend on the number of affected members and the length of reciprocal service credited. An actuarial study would be needed to analyze several different sample scenarios under which members may avail themselves of reciprocity.

HB 03521 (Continued)

725 ILCS 5/103-2.3 new

Amends the Juvenile Court Act of 1987 and the Code of Criminal Procedure of 1963. Provides that unreliable statements to law enforcement made during a custodial interrogation conducted at a police station or other place of detention by a defendant are inadmissible at trial in any criminal court proceeding or juvenile court proceeding for the prosecution of a homicide. Provides that in any proceeding under this provision, the prosecution shall timely disclose prior to any relevant evidentiary hearing or trial its intent to introduce a statement made during a custodial interrogation conducted at a place of detention. Provides that at that time, the prosecution must tender any electronic recordings of the statement and any documents relating to the circumstances under which the statement was obtained and any other evidence the State intends to rely upon to determine the statement's reliability. Provides that before trial, a defendant may move to exclude a statement alleged to be unreliable. Provides that the defendant shall specifically identify the statement or statements alleged to be unreliable. Provides that at the hearing, it shall be the burden of the prosecutor to prove by a preponderance of the evidence that the statement is reliable. Provides that when deciding a statement's reliability, a court should consider: (1) whether the details in the statement fit with the evidence known before the interrogation, especially details that describe unusual or not easily guessed facts of the crime that had not been made public; (2) whether the statement provides any new details or any new evidence not known before the interrogation that can be independently corroborated after the interrogation; (3) whether facts of the crime were disclosed to the defendant rather than originated with the defendant; (4) whether the defendant recanted the defendant's statement at any time and the circumstances of that recantation; (5) whether the statement was electronically recorded; and (6) any other information relevant to the reliability of the statement.

Prohibits the Department from taking any disciplinary or non-disciplinary action against a person's authorization to practice (rather than against the license or permit issued) under each of the amended Acts based upon the person's license, registration, or permit (rather than only license) being revoked or suspended, or the person being otherwise disciplined by any other state, if that form of discipline was based solely on the person violating another state's laws prohibiting involvement in any health care service if that health care service would not have been unlawful under the laws of the State and is consistent with the applicable standard of conduct for a person practicing in Illinois under those Acts. Changes certain references to official occupation titles in the amended Acts to "person". Amends the Illinois Food, Drug and Cosmetic Act. Senate Committee Amendment No. 1

Provides that, if a drug had been approved by the U.S. Food and Drug Administration before January 1, 2025, the revocation of approval by the U.S. Food and Drug Administration shall not cause it to be deemed an adulterated drug in violation of the Illinois Food, Drug and Cosmetic Act if the drug is recommended for use by the World Health Organization, even if the drug's labeling reflects prior approval that is no longer in effect, so long as the drug's labeling was true and accurate at the time of its manufacture. Removes all changes to the Election Code, Illinois Procurement Code, and the Promissory Note and Bank Holiday Act. In the School Code, makes Lunar New Year an optional special holiday (rather than a mandatory legal holiday).

Fiscal Note, House Floor Amendment No. 1 (Dept. of Central Management Services)

HB 3790, as amended by HAM #1, will not require additional resources. Salaries will be paid, whether it is a State holiday or a regular workday. What will be lost is productivity. If productivity were to equate to the cost of salaries, CMS estimates its' payroll (1120) costs to be approximately \$250,000 for the day. On a Statewide level, that payroll figure is estimated to be roughly \$12.5 million.

Provides that the State Superintendent of Education may (rather than shall) prepare and make available to all school boards instructional resources (rather than materials). Removes language that provides that the failure by a school district or school to comply with the Latine studies requirement shall result in a written warning for the first offense, and if the school district or school continues to fail to comply with the requirement, the school district or school shall face disciplinary action at the discretion of the regional superintendent of schools. Further amends the School Code to require that the teaching of the history of the United States include a study of the role and contributions of Latin Americans in the history of the country and the State. Effective immediately (rather than August 1, 2026).

HB 04416 (Continued)

Fiscal Note (State Board of Education)

HB 4416 does not have a fiscal impact on the Illinois State Board of Education. Currently, most school district support staff are not eligible for unemployment benefits if they have reasonable assurance of employment continuing for the next school year. The bill makes these staff eligible for these benefits. Categories of staff impacted include paraprofessionals (classroom and individual aides), bus drivers, secretaries, cooks and cafeteria workers, health care aides, safety and security staff, and various other categories of staff not working twelve months. The State Board of Education does not collect the data required to determine a precise financial impact on school districts. However, estimations based on the Non certified Staff Salary Study suggest the statewide cost to school districts could be significant.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

HB 4416 adds both a financial and clerical mandate to school districts. Many school districts, in lieu of paying contributions, reimburse the State for the actual amount of any unemployment benefits paid. Because of this, special care is taken to ensure claims are accurate to minimize the impact on district finances. Additional staff time, and potentially additional clerical staff, will be needed to review and process the increase in claims that will follow should this bill become law. Ultimately, the State Board of Education cannot provide a comprehensive effect of the proposed mandate.

Fiscal Note (Dept. of Employment Security)

Pursuant to the Fiscal Note Act, 25 ILCS 50/1, the Illinois Department of Employment Security (Department) has reviewed House Bill 4416 and has determined that the legislation could have a fiscal impact on the Unemployment Insurance Trust Fund (UTF) and administrative costs for the Department. The Department gathered data from 2020 when the law was changed to remove the unemployment insurance

(UI) eligibility bar for non-instructional, non-principally administrative, and non-research academic employees, and ran a cost estimate using 2026 estimated wage data. The Department assumed that 75% of workers who were eligible at that time would be eligible for purposes of the cost estimate. This assumption was supported by labor market re-entry rates (members of this category of workers securing alternative seasonal employment), and the general choice of many unemployed individuals to not file for UI benefits. The Department estimated that the annual cost to provide these academic employees UI benefits between and within terms of academic years, assuming the employees are otherwise eligible for UI benefits, would be between \$138,000,000 and \$176,000,000.

Approximately 93% of the total amount of unemployment benefits would be paid dollar-for-dollar by public schools, colleges, universities, and not-for-profit academic institutions that make payments in lieu of contributions. Using the federal Resource Justification Model (RJM) for the cost of administering UI benefits, the Department additionally estimated that implementing HB 4416 would cost approximately \$3,600,000, including the cost of updating systems, processing new claims, administering the additional weekly benefits and appeals, and an increase in postage. The Department also asked the United States Department of Labor (USDOL) for a standard, informal conformity review of the language of this bill with federal regulations. USDOL did not note a conformity issue.

20 ILCS 2405/3 from Ch. 23, par. 3434

Amends the Rehabilitation of Persons with Disabilities Act. Requires direct service workers employed by the Department of Human Services, or an agency contracted with the Department, to provide services under the Home Services Program to complete at least 2 hours of dementia training at the start of their employment and annually thereafter. Requires the training to cover subjects concerning Alzheimer's disease and dementia, safety risks, and communication and behavior. Requires the Department to provide contractors with dementia training curriculum on the required subjects. Provides that any other laws or rules that impose more rigorous dementia training for direct service workers under the Home Services Program shall apply. Exempts from the training requirements direct service workers who provide proof that they obtained equivalent dementia training in compliance with another law or rule. For personal assistants covered by a collective bargaining agreement, requires the Department to establish, in consultation with the joint training committee created under the collective bargaining agreement, different parameters and specific topics for curriculum covering dementia training.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Provides that the amendatory changes apply to Home Services Program rehabilitation counselors and to those homemaker agency employees who provide direct care services to individuals participating in the Home Services Program (rather than to direct service workers employed by the Department of Human Services or by an agency that is contracted with the Department). Requires such persons to complete dementia training totaling at least 2 hours at the start of their employment (rather than shall complete at least 2 hours of dementia training at the start of their employment). Provides that an individual who is required to receive dementia training under any other law or rule may be considered exempt from the requirements of the amendatory Act if the other law's or rule's training requirement includes a minimum 2 hours of dementia training in the required subjects (rather than a minimum 2 hours of dementia training). Provides that for individual providers (rather than personal assistants), the Department shall work with the joint training committee established by the collective bargaining agreement covering individual providers (rather than personal assistants) to discuss parameters and specific topics for curriculum covering dementia training as part of the provided training for individual providers (rather than personal assistants).

Authorizes the Comptroller to impose a fine not to exceed \$10,000 for each violation under the Act. Replaces everything after the enacting clause. Reinserts provisions of the bill with these changes. Restores definition of "alternative container" to current law. Provides the Comptroller may inspect crematory records and premises at the crematory authority's place of business to review a licensee's compliance with the Crematory Regulation Act. Provides that each crematory authority shall implement (1) a standard operating procedure that is appropriate for the crematory authority and not made uniform through rules and provide a copy to all employees; and (2) a medical waste management plan that is appropriate for the crematory authority and not made uniform through rules. Deletes as a ground for denial or discipline for an applicant or licensee who has failed to pay delinquent taxes and child support. Provides that if human remains have not been cremated within 30 days after the date of delivery to the crematory, and absent direction from a law enforcement agency to hold the remains, the crematory authority shall provide notice to the Comptroller's office and the coroner or medical examiner in the county in which the death occurred as to why the cremation cannot be performed and that this 30-day notice requirement may not be construed as a legal standard of reasonableness for the timeliness of a cremation. Provides that any person who intentionally violates a provision of the Act or a final order of the Comptroller is liable for a civil penalty not to exceed \$10,000 rather than \$25,000. New Act

30 ILCS 105/5.1030 new

Creates the Health Care Availability and Access Board Act. Establishes the Health Care Availability and Access Board to protect State residents, State and local governments, commercial health plans, health care providers, pharmacies licensed in the State, and other stakeholders within the health care system from the high costs of prescription drug products. Contains provisions concerning Board membership and terms; staff for the Board; Board meetings; circumstances under which Board members must recuse themselves; and other matters. Provides that the Board shall perform the following actions in open session: (i) deliberations on whether to subject a prescription drug product to a cost review; and (ii) any vote on whether to impose an upper payment limit on purchases, payments, and payor reimbursements of prescription drug products in the State. Permits the Board to adopt rules to implement the Act and to enter into a contract with a qualified, independent third party for any service necessary to carry out the powers and duties of the Board. Creates the Health Care Availability and Access Stakeholder Council to provide stakeholder input to assist the Board in making decisions as required by the Act. Contains provisions concerning Council membership, member terms, and other matters. Provides that the Board shall adopt the federal Medicare Maximum Fair Price as the upper payment limit for a prescription drug product intended for use by individuals in the State. Prohibits the Board from creating an upper payment limit that is different from the Medicare Maximum Fair Price for the prescription drug product that has a Medicare Maximum Fair Price. Requires the Board to implement an upper payment limit that is the same as the Medicare Maximum Fair Price no sooner than the Medicare implementation date. Provides that Medicare Part C and D plans are not required to reimburse at the upper payment limit. Provides that the Attorney General may enforce the Act and may pursue any available remedy under State law when enforcing the Act. Effective 180 days after becoming law.

Fiscal Note (Dept. of Central Management Services)

CMS does expect a fiscal impact as a result of this proposed legislation; however, due to the nature in which prescription drug rebates are calculated on a quarterly basis in arrears and based on drug pricing, utilization, etc., the impact will ever be fluctuating. Some Medicare Maximum Fair Price drugs may result in a savings while others will result in a cost. It's impossible for CMS to quantify.

HB 01443 (Continued)

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes changes to defined terms. Replaces references to the Health Care Availability and Access Board, the Health Care Availability and Access Stakeholder Council, and the Health Care Availability and Access Board Fund to the Prescription Drug Affordability Board, the Prescription Drug Affordability Stakeholder Council, and the Prescription Drug Affordability Board Fund. Requires Prescription Drug Affordability Board membership to also include individuals with expertise in the practice of pharmacy. Includes reimbursements from health benefit plans in provisions concerning upper payment limits for payor reimbursements. Requires the Board to maintain financial records and accounts in accordance with generally accepted governmental accounting principles. Provides that the Board shall be deemed a public body for purposes of the Freedom of Information Act and the Open Meetings Act; all records of the Board, including meeting minutes, cost review records, and correspondence, shall be public records subject to disclosure in accordance with the Freedom of Information Act, except as otherwise provided by law; and meetings of the Board shall be open to the public in accordance with the Open Meetings Act. Requires the Board to establish an operational plan for distribution and access to a drug with an upper payment limit before the Board reviews specific drugs for affordability and establishes any upper payment limits. Provides that the Board shall prioritize establishing and implementing upper payment limits for the 10 prescription drug products with a Medicare Maximum Fair Price that went into effect in 2026 before proceeding with upper payment limits on other prescription drug products with a Medicare Maximum Fair Price or affordability reviews for any other prescription drug products. Adds more items to the list of information that may be included to conduct an affordability review. Provides that the Board may suspend an upper payment limit if it determines that there is a shortage of the drug in the State unless the Board determines that the shortage was caused by a manufacturer or its agent. Changes expertise requirements for membership of the Prescription Drug Affordability Stakeholder Council. Establishes specified exemptions for the Department of Healthcare and Family Services and other State departments in provisions concerning protections and other Board considerations. Provides that any upper payment limit established by the Board shall not apply to prescription drug products purchased by the Department of Healthcare and Family Services for the medical assistance program under Article V of the Illinois Public Aid Code or to a health care plan serving Medicaid populations that provides, arranges for, pays for, or reimburses the cost of any health care service for persons who are enrolled under the medical assistance program under Article V of the Illinois Public Aid Code unless, after consultation with and approval of the Director of Healthcare and Family Services, it is determined that the upper payment limit would reduce costs to the State. Provides that, if a prescription drug product subject to an upper payment limit established under the Act is intended to be made available for purchase by pharmacies, distributors, or wholesalers licensed in the State, it shall be available at a price that does not exceed the upper payment limit (rather than a wholesaler or distributor shall make any prescription drug product that is subject to an upper payment limit established under the Act available for purchase by pharmacies licensed in this State at a price that does not exceed the established upper payment limit), and, if a wholesaler or distributor acquires a prescription drug product subject to an upper payment limit at a price that exceeds the upper payment limit, the wholesaler or distributor is entitled to a chargeback or rebate equal to the difference between the price and the upper payment limit from the entity that sold the product to the wholesaler or distributor. Changes the required reporting date for the Board concerning the operation of the generic drug market in the United States to June 1, 2027 (rather than June 1, 2025). Requires the Board to notify the General Assembly if 5 years have passed without any litigation hindering Board operations. Provides that the Act is repealed 5 years after the effective date of the Act. Makes other changes. Effective 180 days after becoming law.

HB 04377 (Continued)

Replaces everything after the enacting clause. Creates the Federally Assisted Tenant Protection Act. Provides that every covered housing provider, as defined, and its agents that receive federal housing assistance payments from the U.S. Department of Housing and Urban Development are subject to the provisions of the Act. Provides that unless required by federal law or an applicable State or federal funding program, no covered housing provider shall establish or implement any rules, policies, or procedures that: (i) impose time limits as a condition of initial or continued eligibility for any covered housing or that impact the amount of the rent subsidy or assistance provided to covered housing tenants; or (ii) impose work requirements as a condition of initial or continued eligibility for any covered housing or that impact the amount of the rent subsidy or assistance provided to covered housing tenants. Provides that nothing with respect to this prohibition prevents a covered housing provider from terminating assistance or a residential lease as authorized by federal law. Permits a covered housing provider to establish and implement a voluntary employment or job training program, or encourage a covered housing applicant or tenant to participate in a voluntary employment or job training program if program participation does not impact the applicant's or tenant's initial or continued eligibility for the rent subsidy or assistance or the amount of rent subsidy or assistance; and the program has one or more specified goals. Establishes exclusions for the prohibition against time limits and work requirements. Amends the Housing Authorities Act with substantially similar provisions. Amends the Landlord and Tenant Act. Provides that a residential property owner, landlord, lessor, or sublessor who retains a real estate broker or residential leasing agent to act as an agent in the leasing of residential real estate may not require, direct, or otherwise cause a broker or leasing agent to seek or collect any payment, fee, commission, or other charge from a tenant or prospective tenant for services performed for or at the direction of the property owner. Provides that the prohibition includes, but is not limited to, services related to listing the property, showing the property, screening or qualifying prospective tenants, and preparing or executing lease documents. Provides that nothing in the Act is intended to prohibit the following: (1) a residential property owner, landlord, lessor, or sublessor from seeking or collecting an application or screening fee from a tenant or prospective tenant; or (2) a real estate broker or residential leasing agent from seeking or collecting any payment, fee, commission, or other charge from the party that retained the services of the real estate broker or residential leasing agent. Provides that the Act does not apply to a broker or residential leasing agent who enters into a dual agency relationship with both parties of the same lease under the requirements of the Real Estate License Act of 2000. Amends the Illinois Human Rights Act. Includes persons with a history of being a survivor of gender-based violence as a protected class in situations related to real estate transactions, third-party loan modifications, blockbusting, and retaliation related to unlawful discrimination. Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill. Provides that the pilot program shall provide long-acting injectable medications for opioid use disorder, when clinically appropriate, to not fewer than 3,000 individuals in the custody of the Department of Corrections (rather than a minimum of 4,000 administrations of long-acting injectable medications for opioid use disorders). The Department shall ensure that participation in the pilot program is offered in an equitable and transparent manner across facilities. Provides that if the number of eligible individuals exceeds program capacity, the Department shall use a fair and objective selection methodology, which may include prioritization based on clinical need or a randomized selection process. Provides that the Department shall document the basis for inclusion or non-inclusion of eligible individuals and shall make aggregate information regarding eligibility and selection available to the General Assembly upon request. Provides that the Department shall ensure that, prior to the release of a person participating in the pilot program, the person is connected to an appropriate provider or treatment site in the geographic region in which the person will reside after release, that an appointment for continued treatment is scheduled with that provider or site, and that relevant medical and treatment information is shared with the receiving provider to support continuity of care. Provides that the Department shall contract with an independent research organization, public university, or other qualified third-party evaluator to conduct an independent evaluation of the pilot program. Provides that the Department shall provide the evaluator with access to relevant program and administrative data necessary to complete the evaluation, subject to applicable privacy protections. Provides that the independent evaluator shall prepare a report summarizing the findings of the evaluation and shall submit the report to the Department and the General Assembly no later than January 1, 2029 (rather than January 1, 2028). Provides that a charter school that is deemed nonrenewed is ineligible to receive any payments from a school district. Amends the School Code. Provides that, subject to appropriation, the State Board of Education, in consultation with the Department of Public Health, shall develop an educational document explaining, at a minimum, the values of good indoor air quality and shall supply the document to school districts. Provides that, subject to funding from the State Board, a school district shall ensure that all active classrooms are equipped with an air quality monitor.

Fiscal Note (State Board of Education)

HB 4739 amends the School Code to provide that, subject to funding from the Illinois State Board of Education, a school district shall ensure that all active classrooms are equipped with an air quality monitor. Section 2-3.12 of the School Code requires the inspection of all buildings in a school district once every 10 years. This statutory requirement helps populate the data collected in ISBE's health/life safety survey system about public school facilities, including school buildings, for all school districts other than Chicago Public Schools (CPS). Utilizing this health/life/safety survey data in combination with the ISBE Entity Profile System data the agency estimates that there are approximately 110,000 active classrooms statewide including CPS. It's possible that this number is understated, since many schools utilize smaller rooms that may be considered active classrooms for services such as tutoring, speech therapy and individual instruction.

HB 4739 does not specify what types of air quality monitors would be funded by an appropriation. Commercial air quality monitors can cost as little as \$200 to several thousands of dollars per unit. This bill also does not contemplate ongoing maintenance costs that districts might face, such as the cost of repairing or replacing damaged or obsolete monitors, or ongoing subscription costs that some monitors require. Ultimately, the State Board of Education cannot determine potential costs to districts. Agency implementation costs would likely be minimal; however, resources may be needed to support the application funding process.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

House Bill 4739 would require each school district in the state to equip all active classrooms within the district with an air quality monitor. Active classrooms are defined in the bill as a room currently being used for any duration of in-person instruction, which includes spaces typically thought of as classrooms as well as smaller spaces in which individual or small-group instruction may occur. The initial requirement is subject to appropriation. The legislation does not contemplate ongoing maintenance costs that districts will face, such as the cost of repairing or replacing damaged or obsolete monitors, or ongoing subscription costs that some monitors require.

605 ILCS 10/8

from Ch. 121, par. 100-8

Amends the Toll Highway Act. Provides that the Illinois State Toll Highway Authority has the power to establish a special pay supplement for those positions of employment that require that a person employed in that position speak or write a language other than English. Provides that such paid positions may be eligible for a bilingual pay supplement to attract bilingual individuals, to encourage present employees to become proficient in languages other than English, or to retain qualified bilingual employees. Provides that a bilingual pay supplement shall be processed within 30 calendar days after the employee presents to the Authority a certification from either the designated testing program process selected by the Authority or a State community college confirming that language skill proficiency in reading, writing, and speaking has been satisfied by the employee.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the introduced bill and makes the following changes. Provides that the Illinois State Toll Highway Authority shall submit, on or before December 31 of each year, to the General Assembly and the Governor a report on the bilingual pay supplements processed within the last calendar year and the needs of bilingual positions left unfilled in the last calendar year.

Fiscal Note (Illinois Tollway Authority)

It is estimated that the bilingual pay supplement would result in an annual increase in direct expenditures of \$5,948 (5-year cost estimate: \$31,579 (assuming 3% annual inflation but no other changes). This amount would be paid from the Tollway's operating budget. There is no foreseen long-range fiscal effect beyond this recurring expense. The reporting requirement is expected to be absorbed into the agency's existing operational budget; no new staff, funds, or other resources would be required for reporting compliance. Stipend amounts, eligibility, and duration would be subject to union negotiations.

110 ILCS 947/65.110

Amends the Higher Education Student Assistance Act. Provides that the Post-Master of Social Work School Social Work Professional Educator License scholarships may also be known as School Social Work scholarships. Includes, as a qualified applicant subject to meeting the other requirements, (i) a person who is pursuing a clinical social work license or social work license and (ii) a person who will obtain a master's degree in social work from an approved program before enrolling the academic program that the scholarship would support. Allows scholarships to be applied to the payment of tuition and mandatory fees at a private, not-for-profit institution of higher education in the State that prepares students to obtain an Illinois Professional Educator License with an endorsement in School Social Work. Provides that a scholarship for a recipient attending a private, not-for-profit institution shall not exceed the maximum grant payable to a student enrolled in the most expensive comparable program of study at a public university in the State. Effective July 1, 2026.

Fiscal Note (Illinois Student Assistance Commission)

The additional flexibility provided by HB 5460 could lead to more interest in the program, resulting in more students applying for the existing 250 slots and receiving scholarships, but the bill does not increase the number of scholarships available, does not increase the maximum award, and is not expected to require additional appropriations to implement.

Replaces everything after the enacting clause. Amends the Meat and Poultry Inspection Act. In provisions concerning exemptions, provides that poultry raisers with respect to poultry raised on the poultry raisers' own farms are exempt from the provisions if such raisers slaughter, eviscerate, or further process not more than 7,500 (rather than 5,000) poultry during the calendar year for which the exemption is being granted, and such poultry or poultry products are slaughtered, otherwise prepared, sold or delivered to the consumer on or from the premises for which the exemption is given, including sales at the poultry raiser's farm, at a farmers' market, at a roadside stand, or through delivery to the consumer (rather than only for which the exemption is given), in addition to other criteria. Adds the following requirements to provisions exempting poultry raisers with respect to poultry raised on the poultry raisers' own farms: (i) there is at least one person who is responsible for all periods of operation for the premises for which the exemption is given who has successfully obtained a certification as a Certified Food Protection Manager from a program that is accredited by the American National Standards Institute; (ii) the poultry products are labeled in at least 10-point font to include the producer's name and address, the date on which the poultry product was processed, and the statement "NOT INSPECTED-Exempt P.L. 90-492"; and (iii) at the point of sale, notice is provided in a prominent location and states the following: "These poultry products were processed in an on-farm facility that is exempt from continuous inspection by the Illinois Department of Agriculture or the United States Department of Agriculture.". New Act
230 ILCS 40/15

Creates the Amber Alert Plus Act. Defines "Amber Alert Plus" as a notification system designed to issue and coordinate alerts with respect to Black youth, including young women and girls, who are reported missing under unexplained or suspicious circumstances, who are reported missing and are at risk, who are reported missing and are developmentally disabled or cognitively impaired, or who have been abducted. Provides for procedures for law enforcement agencies to request activation of an Amber Alert Plus by the Illinois State Police if the law enforcement agency determines that an Amber Alert Plus would be an effective tool in the investigation of missing or abducted Black youth, including listing factors for the agency to consider. Allows use of a changeable message sign under specified circumstances. Provides that radio, television, cable, satellite, and social media systems are encouraged, but not required, to cooperate with disseminating the Amber Alert Plus or the information contained in an Amber Alert Plus. Amends the Video Gaming Act. Provides that the Illinois Gaming Board, in its discretion, may require video gaming terminals to display Amber Alert and Amber Alert Plus (rather than only Amber Alert) messages if the Board makes a finding that it would be economically and technically feasible and pose no risk to the integrity and security of the central communications system and video gaming terminals.

20 ILCS 205/205-455 new

Creates the Emerging and Socially Disadvantaged Farmers Infrastructure and Market Access Grant Program. Provides that the Department of Agriculture shall administer grants to eligible applicants to increase agricultural production, strengthen farm viability, and expand market access. Defines "emerging farmer," "socially disadvantaged farmer," and related terms. Specifies allowable uses of grant funds, priorities for awards, and reporting requirements. Effective July 1, 2026.

Fiscal Note (Department of Agriculture)

House Bill 4922 has a negative impact on state revenues and would require annual additional appropriation of \$372,687.70 from the General Revenue Fund. The additional annual appropriation is specific to the costs of administering the program and is not reflective of the total investment required to effectively stand up the program.

Amends the Environmental Protection Act. Repeals the definition of "food scrap"; adds definitions for "anaerobic digestion", "biogas", "digestate", "food waste", "organic material", and "organic waste"; and updates the definitions of "compost" and "composting". In provisions regarding pollution control facilities, includes a new exemption for portions of sites or facilities used for composting or anaerobic digestion of organic waste that meet specified siting, setback, floodplain, and operational requirements. In provisions regarding prohibited acts, establishes permitting requirements for organic waste composting operations and organic waste anaerobic digesters, and creates exemptions for small-scale and certain farm-based composting operations that meet volume limits, setback distances, and other environmental safeguards. Provides that anaerobic digesters using only non-waste feedstock are exempt from solid waste permitting and clarifies that digested material returned to the economic mainstream is not regulated as waste. Authorizes the Environmental Protection Agency to recommend, and the Pollution Control Board to adopt, performance standards for organic waste compost facilities and testing procedures for end-product compost, and requires a Technical Advisory Committee with balanced stakeholder representation. Specifies that standards apply to compost offered for sale or use and exempts on-site residential composting. Makes conforming changes throughout to integrate new definitions and regulatory requirements.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Changes the definitions of "biogas" and "food waste". In provisions regarding facilities that are not pollution control facilities, deletes specified changes from the introduced bill not referential to organic waste or food waste, including specified references to anaerobic digestion. In provisions regarding prohibited acts, replaces all changes from the introduced bill with a provision that no person shall conduct an organic waste composting operation without an Agency permit, provided, however, that no permit shall be required for any person conducting an organic waste composting operation for organic wastes generated by such person's own activities which are stored, treated, or disposed of within the site where such wastes are generated or for any person conducting an organic waste composting operation that (i) has not more than 50 cubic yards of organic waste, composting additives, composting material, or end-product compost on-site at any one time and (ii) is not engaging in commercial activity. Specifies that landscape waste composting operations are subject to different provisions. Makes technical changes.

Eliminates the consent of the State's Attorney as a requirement for a defendant to participate in the First Time Weapon Offense Program. Changes the eligibility requirements for the Program. States that the shared challenges and shared interests of disproportionately impacted urban communities and rural communities need to be addressed to develop and strengthen urban-rural partnerships and education to advance food systems, agriculture, and equitable economic development across Illinois. Urges State agencies, local governments, educational institutions, community-based organizations, farmers, workers, and small businesses to pursue new and expanded urban-rural partnerships that connect disproportionately impacted urban communities and rural communities through equitable food systems, workforce development, and local economic investment. Encourages education, outreach, and technical-assistance initiatives that promote agricultural literacy, food-system careers, entrepreneurship, and cross-regional understanding, with particular attention to disproportionately impacted urban communities and historically underserved rural areas. Supports policy frameworks that strengthen local and regional food infrastructure, protect farmland, expand urban agriculture in disproportionately impacted urban communities, improve market access, and address food-access gaps in both urban and rural communities. Urges policymakers at all levels to reject false divisions between urban and rural Illinois and instead pursue inclusive, data-driven, and community-informed solutions that recognize collaboration and partnership as essential to the State's food security, economic resilience, and shared prosperity.

Amends the Abused and Neglected Child Reporting Act. In the definition of "abused child", changes the list of persons who may be considered a perpetrator of abuse to include a child's parent, a parent's paramour, or any other person 14 years of age or older who is either responsible for the child's welfare, is an immediate family member, or resides in the same home as the child. 225 ILCS 115/30 new

510 ILCS 5/8 from Ch. 8, par. 358

Specifies that the Act may be referred to as the Rabies Vaccination Access for Shelters and Public Health Act. Amends the Veterinary Medicine and Surgery Practice Act of 2004 and the Animal Control Act. Allows a licensed veterinarian to delegate rabies vaccination within an animal shelter, animal control facility, or government-authorized public health vaccination clinic to a certified veterinary technician or trained shelter vaccine administrator who is acting under the veterinarian's indirect supervision. Requires written protocols, training verification, and oversight by the supervising veterinarian. Directs the Department of Financial and Professional Regulation under the Veterinary Medicine and Surgery Practice Act of 2004 and the Department of Agriculture under the Animal Control Act to adopt rules within 12 months of the effective date of the amendatory Act. Effective January 1, 2027.

In the legislative findings, replaces a reference to indirect supervision with a reference to direct supervision. In requirements for rabies vaccination, requires the supervising licensed veterinarian to assume professional responsibility for the rabies vaccine administered to the patient by the individuals acting under the veterinarian's direction (rather than to be responsible for oversight of the vaccine administration).

Creates the Regional Stormwater and Sewerage Equitable Solution Commission to study the problem of antiquated stormwater and sewerage systems in the area collectively referred to as "the region" and to suggest policy and legislative solutions. Requests that the Governor's Office of Management and Budget, following consultation with the Department of Commerce and Economic Opportunity, submit to the General Assembly a separate report detailing legislation and budgetary recommendations to offset the costs borne by residents, businesses, and governmental entities in "the region" as the result of the inequitable circumstances surrounding the antiquated stormwater and sewerage systems.

House Floor Amendment No. 1

Deletes everything. Reinserts the same language creating the Regional Stormwater and Sewerage Equitable Solution Commission. Makes a change to the membership of the Commission.

New Act

110 ILCS 205/8

from Ch. 144, par. 188

Creates the Adequate and Equitable Public University Funding Act. Provides that all general operating expenses for public universities shall be distributed by the Board of Higher Education through a funding formula for eligible public institutions and shall be administered by the Board. Defines "eligible public institution". Sets forth provisions concerning the adequacy targets and resource profiles of eligible public institutions. Provides for the distribution of State appropriations and the calculation of the base funding minimum for each eligible public institution. Provides that the Board shall oversee an accountability and transparency framework for assessing the distribution and use of all funds appropriated by the funding formula and evaluating the funds' effects on institutional outcomes pertaining to student affordability, enrollment, persistence, and outcome metrics. Provides for reporting and the establishment of an Accountability and Transparency Committee. Provides that the Board shall establish a Funding Formula Review Panel tasked with studying and reviewing topics pertaining to the implementation and impact of the funding formula. Contains provisions concerning the Board's annual budget request and the collection of data. Amends the Board of Higher Education Act. Removes certain provisions concerning budget proposals. Effective immediately.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes in the Adequate and Equitable Public University Funding Act. Adds, changes, and removes definitions. Changes the adequate and equitable funding formula. Provides that the adequacy target for each eligible public institution is the sum of the eligible public institution's cost of providing an equitable and adequate education based on the specific characteristics of the per student adequacy components and institutional adequacy components (rather than of the eligible public institution and the eligible public institution's student body). Requires the Board of Higher Education to include in each eligible public institution's adequacy target the amount required to provide students with access support. Sets forth how to determine the high-cost program adjustment to core instructional program support. Requires the Board to include the funding required to conduct research. Makes changes to the membership of the Accountability and Transparency Committee and the Funding Formula Review Panel. Deletes certain provisions regarding the Accountability and Transparency Committee, as well as regarding certain reporting requirements. Makes other changes. Effective immediately.

Fiscal Note, House Committee Amendment No. 1 (Illinois Board of Higher Education)

HB 1581 HA #1 creates the Adequate and Equitable Funding for Public Universities Act. Illinois Board of Higher Education (IBHE), in conjunction with outside consultants, estimates that the cost to implement this legislation is \$1.85 billion. That means the state would have to increase public university appropriations by \$1.85 billion above the current level at full implementation. The legislation calls for an annual increase in appropriation for the public universities of \$135 million. Relative to the current fiscal year and assuming no inflation adjustment, that would mean an increase \$135 million in the first year of implementation, \$270 million in the second year of implementation, \$405 million in the third year of implementation, etc., until the appropriation is \$1.85 billion higher than it is today. However, the legislation specifies that components of the funding formula are adjusted by inflation each year. Therefore, the total cost will exceed \$1.85 billion if incremental investments are made over time. Finally, the legislation assigns new responsibilities to IBHE, which would require three additional staff positions and associated costs, at an estimated total cost of \$350,000.

HB 02676 (Continued)

Amends the Underserved Health Care Provider Workforce Act. Changes the definition of "designated shortage area" to mean an area designated as a medically underserved area or a health professional shortage area (rather than a physician shortage area, a medically underserved area, or a critical health manpower shortage area). Changes the term "eligible medical student" to "eligible student", and includes in the definition of that term a person who is studying optometry in an optometry college or institution located in Illinois and that a person may agree to practice full-time in a designated shortage area as an optometrist or anesthesiologist one year for each year he or she is a scholarship recipient. Includes a rural health center, a federally qualified health center, a federally qualified health center look alike, and an optometric office in the definition of "medical facility". Includes an optometrist in the definition of "eligible health care provider". Includes an obstetrician or gynecologist in the definition of "primary care physician". Includes loan repayment recipients in a provision regarding scholarship recipients who fail to fulfill specified obligations, and provides that the amounts paid by these scholarship or loan repayment recipients shall be deposited into the fund where the payment originated from (rather than the Community Health Center Care Fund). Repeals a different provision defining "primary care physician". Effective January 1, 2026.

House Committee Amendment No. 1

Provides that "eligible student" includes a person who, among other qualifications, agrees to practice full-time in a Designated Shortage Area as an ophthalmologist one year for each year he or she is a scholarship recipient. Provides that "eligible health care provider" and "primary care physician" include an ophthalmologist.

Provides that the Illinois State Police shall publish the results of its analysis in a report to the General Assembly, Governor, and Attorney General and shall make the report available on its website. Amends the Criminal Identification Act. Provides that the final disposition information that must be provided by the clerks of the circuit court to the Illinois State Police shall include for each charge in any case in which a firearm is alleged to have been used in the commission of an offense, the serial number of any firearm involved in the case, or if the serial number was obliterated, as provided by the State's Attorney to the clerk of the circuit court at the time of disposition. Deletes the amendatory changes to the sentencing hearing provisions of the Unified Code of Corrections. Amends the Firearm Owners Identification Card Act. Provides that the Illinois State Police must deny the application or suspend or revoke a person's Firearm Owner's Identification Card upon receipt of a report from the Department of Human Services that an applicant or owner poses a clear and present danger. Requires the Department of Early Childhood, as the designated lead agency to administer the system of early intervention services on and after July 1, 2026, to develop informational materials and handouts for hospitals to distribute to the parents or legal guardians of severely premature infants, explaining that infants having a birth weight of less than 1,000 grams automatically qualify for early intervention services up until their 3rd birthday. Provides that the informational materials and handouts shall also contain information on the benefits of early intervention services for severely premature infants, the website addresses and phone numbers that parents and legal guardians can access to obtain more information on early intervention services, and the contact information of the early intervention regional intake entity designated to coordinate services for eligible infants. Requires the statewide system of coordinated, comprehensive, interagency and interdisciplinary early intervention programs to include in its public awareness program, a special focus on the early identification of infants who automatically qualify for early intervention services on account of having a birth weight less than 1,000 grams. Amends the Hospital Licensing Act. Requires hospitals to distribute, free of charge, to the parents or legal guardians of each severely premature infant having a birth weight of less than 1,000 grams informational materials and handouts developed by the Department of Early Childhood on the availability of early intervention services for severely premature infants. Replaces everything after the enacting clause. Amends various Acts by replacing the terms "day care", "daycare", and "day-care", in relation to the care of a child, with the term "early care and education" and from "facility" to "provider". Amends the Child Care Act of 1969. Provides that the following are exempt from licensure under the Act and must register as Recognized Alternative Providers: part day programs for children 3 years of age until they reach 5 years of age or begin kindergarten, whichever is later, where the child is present for a maximum of 3 hours per day and the parent or guardian is not on site; programs or portions of programs that serve children who have reached 3 years of age in full early care and education that are operated by a church or religious institution that receive no governmental aid; nonresidential programs for children 5 years of age to 12 years of age that have supervisors of children when school is not in session, that act as an alternative to full-day school or care, and that operate for no more than 100 days in any 12-month period; and programs that provide care to children 5 years of age to 12 years of age before or after school hours. Sets forth registration requirements for Recognized Alternative Providers, including background check requirements. Provides that certain programs are exempt from registration requirements for Recognized Alternative Providers and licensure requirements under the Act. Makes changes in provisions concerning definitions; the prohibition of unlicensed practice; criminal background investigations; and advertisements. Repeals provisions concerning an exemption from licensure for day care homes and group day care homes serving children of military personnel and a child from a foreign state or country and the definition of "part day child care facility". Makes other changes. Effective July 1, 2026.

New Act

Creates the Crossing of Electric Utility Property Act. Requires a public utility to provide an expedited review and grant of a crossing application and may not unreasonably withhold an allowance for a crossing, unless a public utility provides a reasonable justification that the crossing will impair or harm the right-of-way. Authorizes an occupant to commence use of a crossing within 90 days after meeting the following conditions: (i) notice is sent to the public utility that occupant owns or controls land on both sides of the public utility property and that a crossing is reasonably required to expand or maintain operations on the occupant's property or to benefit the public; (ii) provides to the public utility engineering specifications to demonstrate that the proposed crossing will not impair the public utility's occupancy and use of the right-of-way; (iii) affirms to the public utility that the occupant must maintain and repair the owner's own crossing and must bear responsibility for the owner's own acts and omissions concerning use of the crossing; and (iv) provides to the public utility a payment for establishment of the crossing and the first year of crossing fees. Prohibits a public from unreasonably denying a crossing and lists conditions that make a denial unreasonable. Requires that the occupant provide the public utility reasonable access to the crossing to inspect and monitor, and the occupant provide engineering studies that demonstrate that the crossing will not reasonably interrupt or impair the public utility's right-of-way.

HB 04416 (Continued)

Fiscal Note (State Board of Education)

HB 4416 does not have a fiscal impact on the Illinois State Board of Education. Currently, most school district support staff are not eligible for unemployment benefits if they have reasonable assurance of employment continuing for the next school year. The bill makes these staff eligible for these benefits. Categories of staff impacted include paraprofessionals (classroom and individual aides), bus drivers, secretaries, cooks and cafeteria workers, health care aides, safety and security staff, and various other categories of staff not working twelve months. The State Board of Education does not collect the data required to determine a precise financial impact on school districts. However, estimations based on the Non certified Staff Salary Study suggest the statewide cost to school districts could be significant.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

HB 4416 adds both a financial and clerical mandate to school districts. Many school districts, in lieu of paying contributions, reimburse the State for the actual amount of any unemployment benefits paid. Because of this, special care is taken to ensure claims are accurate to minimize the impact on district finances. Additional staff time, and potentially additional clerical staff, will be needed to review and process the increase in claims that will follow should this bill become law. Ultimately, the State Board of Education cannot provide a comprehensive effect of the proposed mandate.

Fiscal Note (Dept. of Employment Security)

Pursuant to the Fiscal Note Act, 25 ILCS 50/1, the Illinois Department of Employment Security (Department) has reviewed House Bill 4416 and has determined that the legislation could have a fiscal impact on the Unemployment Insurance Trust Fund (UTF) and administrative costs for the Department. The Department gathered data from 2020 when the law was changed to remove the unemployment insurance (UI) eligibility bar for non-instructional, non-principally administrative, and non-research academic employees, and ran a cost estimate using 2026 estimated wage data. The Department assumed that 75% of workers who were eligible at that time would be eligible for purposes of the cost estimate. This assumption was supported by labor market re-entry rates (members of this category of workers securing alternative seasonal employment), and the general choice of many unemployed individuals to not file for UI benefits. The Department estimated that the annual cost to provide these academic employees UI benefits between and within terms of academic years, assuming the employees are otherwise eligible for UI benefits, would be between \$138,000,000 and \$176,000,000. Approximately 93% of the total amount of unemployment benefits would be paid dollar-for-dollar by public schools, colleges, universities, and not-for-profit academic institutions that make payments in lieu of contributions. Using the federal Resource Justification Model (RJM) for the cost of administering UI benefits, the Department additionally estimated that implementing HB 4416 would cost approximately \$3,600,000, including the cost of updating systems, processing new claims, administering the additional weekly benefits and appeals, and an increase in postage. The Department also asked the United States Department of Labor (USDOL) for a standard, informal conformity review of the language of this bill with federal regulations. USDOL did not note a conformity issue.

Provides that it is unlawful for a certified licensee, as defined in the Firearm Dealer License Certification Act, to sell, offer to sell, exchange, give, transfer, or deliver any convertible pistol. Provides that a violation of the Act is punishable by a civil penalty of \$10,000, which shall be paid to the Illinois State Police. Provides that, if the person who committed the violation is a certified dealer, at the discretion of the Illinois State Police, the Illinois State Police shall suspend or revoke the certified dealer's license under the Firearm Dealer License Certification Act. Provides that the civil penalty and license suspension or revocation shall be assessed by the Illinois State Police after a hearing is held in accordance with the Firearm Dealer License Certification Act. Provides that a second violation of the Act is punishable by a civil penalty of \$25,000, which shall be paid to the Illinois State Police, and, if the person who committed the violation is a certified dealer, the Illinois State Police shall revoke the certified dealer's license pursuant to the Firearm Dealer License Certification Act. Provides that the civil penalty and license revocation shall be assessed by the Illinois State Police after a hearing is held in accordance with the Firearm Dealer License Certification Act. Provides exemptions. Provides that the Illinois State Police may adopt rules to implement the Act. Provides for emergency rulemaking by the Illinois State Police to implement the Act. Defines "convertible pistol" as any semiautomatic pistol with a cruciform trigger bar that can be readily altered by hand or with common household tools so that it can be converted into a machine gun by the installation or attachment of a switch. Provides that "convertible pistol" does not include hammer-fired semiautomatic pistols. A tab or other piece of material on a pistol frame is not sufficient to prevent ready alteration so that the pistol can be converted into a machine gun by the installation or attachment of a switch, and will not prevent such pistol from qualifying as a convertible pistol, if that tab or other piece of material can be readily removed with common household tools. Defines other terms. Amends the Illinois Administrative Procedure Act to make conforming changes.

House Committee Amendment No. 2

Amends the bill as amended by House Amendment No. 1. Deletes a provision that the Responsible Gun Manufacturing Act does not apply to or affect the receipt of a convertible pistol by a person who is retired in good standing from service with a law enforcement agency of the State or a unit of local government in the State and is not otherwise prohibited from receiving a convertible pistol if certain conditions are met. Replaces that provision with a provision that states that the Act does not apply to or affect qualified law enforcement officers and qualified retired law enforcement officers, as defined in the Law Enforcement Officers Safety Act of 2004, and as recognized under Illinois law. Deletes the amendatory changes to the Illinois Administrative Procedure Act.
