Removes the definition of "health care practitioner". Provides that the Department of Public Health shall undertake a public education campaign to bring broad public awareness to communities across this State of the risk of sudden unexpected death in epilepsy that is focused on providing the public with certain information (rather than the Department shall adopt rules requiring a health care practitioner who is treating a patient diagnosed with epilepsy and at elevated risk for sudden unexpected death in epilepsy and who has primary responsibility for the treatment and care of the patient for epilepsy to provide that patient with certain information). Provides that the Department shall post certain information on the Department's website (rather than the Department shall provide written information to health care practitioners necessary to implement the requirements of the rules the Department adopts under certain provisions and post that information on the Department's website). Removes provisions amending the Medical Practice Act of 1987, the Nurse Practice Act, and the Physician Assistant Practice Act of 1987.

Allows a school district to: (1) update the report and post the updated report on the school district's website on an ongoing basis during the school year, as long as the updated report is completed by January 1 and August 1; and (2) use a collaborative online document or spreadsheet software that allows multiple authorized users to update or make additions to the report on an ongoing basis, as long as a link to the report is publicly accessible on the school district's website. Adds reference to:

40 ILCS 5/7-166 from Ch. 108 1/2, par. 7-166

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Further amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. Provides that a participating employee who, regardless of cause, is separated from the service of the participating municipalities and instrumentalities thereof and participating instrumentalities from which the participating employee is seeking to retire (instead of all participating municipalities and instrumentalities thereof and participating instrumentalities) shall be entitled to a retirement annuity if the participating employee meets certain conditions. Provides that a condition of entitlement to a retirement annuity is that the participating employee is not entitled to receive earnings for employment in a position requiring him to be a participating employee as defined in the Article or under a provision concerning the suspension of a retirement annuity during employment (instead of employment in a position requiring him or entitling him to elect to be a participating employee). Adds a condition for entitlement to a retirement annuity that the participating employee has not prearranged to return to the service of the participating municipalities and instrumentalities thereof and participating instrumentalities from which the participating employee retired. In a provision concerning eligibility for separation benefits, adds a condition that the participant must have separated from the service of the participating municipality or instrumentality with which the participating employee last participated in the Fund. Removes language providing that the entitlement to a separation benefit is upon separation from the service of all participating municipalities and instrumentalities thereof and participating instrumentalities.

Limits legal rifles to centerfire wildlife rifles (rather than centerfire rifles that are single shot). Replaces everything after the enacting clause. Provides that it shall be unlawful for any person to take deer except (i) with a shotgun, centerfire handgun (rather than just a handgun), centerfire revolver, centerfire rifle (rather than single shot centerfire rifle), or muzzleloading rifle or (ii) as provided by administrative rule, with a bow and arrow, with other requirements. Limits legal handguns and rifles to centerfire revolvers, centerfire handguns capable of holding not more than 3 rounds in the magazine and chamber combined, and centerfire rifles capable of holding not more than 3 rounds in the magazine and chamber combined. Provides that if a centerfire handgun or centerfire rifle is capable of holding more than 3 rounds, it shall be fitted with a one-piece plug that is irremovable without dismantling the handgun or rifle or it shall be otherwise altered to render it incapable of holding more than 3 rounds in the magazine and chamber combined without dismantling the handgun or rifle. Moves a provision regarding standards and specifications for deer hunting established by administrative rule and moves a prohibition that a person may not have in his or her possession any firearm not authorized by administrative rule for a specific hunting season when taking deer unless in accordance with the Firearm Concealed Carry Act. Prohibits, while deer hunting, possessing, being in close proximity to, or using a rifle, handgun, revolver, or muzzleloading rifle or a magazine that is not in compliance with certain provisions or administrative rules. Repeals a definition of "single shot".

from Ch. 108 1/2, par. 16-128

Amends the Downstate Teacher Article of the Illinois Pension Code. In a provision concerning the contribution required to establish service credit for certain service as a teacher or administrator employed by a private school recognized by the Illinois State Board of Education, changes the amount of the interest payment required to establish that service credit from interest at the actuarially assumed rate to regular interest.

Pension Note (Government Forecasting & Accountability)

SB 4010 changes the interest rate applied to payments made to purchase optional service credit for years worked as a teacher or administrator in a private institution recognized by the Illinois State Board of Education. This legislation would apply regular interest rather than the actuarially assumed rate currently used by TRS. The precise fiscal impact of this legislation is unknown as of this writing because the number of teachers who may purchase this optional service credit during the current window period (which closes on June 30, 2028) is not known. However, lowering the interest rate from the actuarially assumed rate (currently 7.00% for TRS) to regular interest (set at 6% under current law) may result in member payments that are less than actuarially neutral. Therefore, SB 4010 could have a negative fiscal impact on TRS, commensurate with the number of teachers who elect to purchase this service credit and the difference between the two interest rates.

Amends the Educator Licensure Article of the School Code. Allows the State Superintendent of Education to issue a short-term approval for a paraprofessional educator to an individual who does not meet the requirements necessary for issuance of an Educator License with Stipulations with a paraprofessional educator endorsement. Provides that the short-term approval authorizes an individual to serve as a paraprofessional educator in a school district, including a charter school, or a State-operated program, with the short-term approval expiring on June 30 immediately following the third full fiscal year after the approval was issued without renewal. Provides that upon expiration of the short-term approval, the State Superintendent of Education shall issue an Educator License with Stipulations with a paraprofessional educator endorsement to the individual if the individual meets specified requirements.

from Ch. 127, par. 132.401

Creates the State Agency Retainage Act. Amends the Public Utilities Act. Provides that, prior to approving or directing any decarbonization pathway, pilot program, infrastructure investment, or regulatory mandate related to the natural gas distribution system, the Commission shall conduct a comprehensive, independent cost-benefit analysis that evaluates: (i) life-cycle greenhouse gas emissions reductions; (ii) cumulative energy system costs, including any stranded asset risks estimated at no less than \$80,000,000,000 by 2050 under high-electrification scenarios; (iii) ratepayer bill impacts for all customer classes, with a focus on low-income and non-migrating customers; (iv) system reliability and safety under State standards; (v) equity impacts, including cost shifts to vulnerable populations; (vi) workforce and job impacts; and (vii) the extent to which competitive market mechanisms, such as private investment, third-party financing, and supplier competition, can achieve equivalent or superior outcomes at lower costs. 105 ILCS 5/10-22.6

from Ch. 122, par. 10-22.6

Amends the School Code. In provisions concerning a school board's suspension or expulsion of pupils, provides that a student who is determined to have initiated sexual activity with another individual without that individual's consent, a sexual assault, or an attempted sexual assault at a school, a school-sponsored activity or event, or an activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year. Provides that (i) a student initiates sexual activity with another individual without that individual's consent if the student uses force or a threat of force to make the other individual perform a nonconsensual sexual act; (ii) a student initiates a sexual assault if the student commits an act of sexual penetration and uses force or a threat of force; and (iii) a student initiates an attempted sexual assault if, with the intent to commit a sexual assault, the student commits an act that constitutes a substantial step toward the commission of a sexual assault. Allows the expulsion requirement to be modified by the superintendent of the school district and the superintendent's determination to be modified by the school board on a case-by-case basis. Provides that the expulsion shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act and a student who is subject to expulsion may be eligible for a transfer to an alternative school program. Effective immediately.

40 ILCS 5/16-128

from Ch. 108 1/2, par. 16-128

Amends the Downstate Teacher Article of the Illinois Pension Code. In a provision concerning the contribution required to establish service credit for certain service as a teacher or administrator employed by a private school recognized by the Illinois State Board of Education, changes the amount of the interest payment required to establish that service credit from interest at the actuarially assumed rate to regular interest.

Pension Note (Government Forecasting & Accountability)

SB 4010 changes the interest rate applied to payments made to purchase optional service credit for years worked as a teacher or administrator in a private institution recognized by the Illinois State Board of Education. This legislation would apply regular interest rather than the actuarially assumed rate currently used by TRS. The precise fiscal impact of this legislation is unknown as of this writing because the number of teachers who may purchase this optional service credit during the current window period (which closes on June 30, 2028) is not known. However, lowering the interest rate from the actuarially assumed rate (currently 7.00% for TRS) to regular interest (set at 6% under current law) may result in member payments that are less than actuarially neutral. Therefore, SB 4010 could have a negative fiscal impact on TRS, commensurate with the number of teachers who elect to purchase this service credit and the difference between the two interest rates.

Amends the Electric Vehicle Charging Act. Exempts any tiny home for veterans who are homeless or at risk of homelessness and in need of secure, long-term affordable housing, if that tiny home is constructed by a specified nonprofit organization that exclusively funds and administers tiny homes for veterans. Provides that every county and municipality that has the power to issue building permits and otherwise control the construction of buildings shall require by ordinance that an applicant seeking a building permit to construct tiny homes for at-risk veterans must include with the permit application a completed and signed affidavit stating that all buildings constructed under the permit are designated for the exclusive use of qualifying veterans who are homeless or at risk of homelessness and in need of secure, long-term affordable housing. In provisions concerning a school board's suspension or expulsion of pupils, provides that a student who is determined to have initiated sexual activity with another individual without that individual's consent, a sexual assault, or an attempted sexual assault at a school, a school-sponsored activity or event, or an activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year. Provides that (i) a student initiates sexual activity with another individual without that individual's consent if the student uses force or a threat of force to make the other individual perform a nonconsensual sexual act; (ii) a student initiates a sexual assault if the student commits an act of sexual penetration and uses force or a threat of force; and (iii) a student initiates an attempted sexual assault if, with the intent to commit a sexual assault, the student commits an act that constitutes a substantial step toward the commission of a sexual assault. Allows the expulsion requirement to be modified by the superintendent of the school district and the superintendent's determination to be modified by the school board on a case-by-case basis. Provides that the expulsion shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act and a student who is subject to expulsion may be eligible for a transfer to an alternative school program. New Act

104th General Assembly
Senate Republican Sponsor Synopsis Report

Senator Jason Plummer**SB 03737 (Continued)**

Creates the Servicemember Education Rights Veneration Act. Requires institutions of higher education (institution) to accommodate service member student's academic military leave and grant prompt readmission when the service member student has not exceeded a cumulative academic military leave period beyond 5 years, provides advance notice of academic military leave to the institution, and provides notice of intent to return to the institution. Requires the institution to readmit a service member student on academic military leave into the next class, classes, or academic year division following the receipt of the notice of intent to return in accordance with the terms of the accommodation. Contains provisions on exemptions to readmission and related reporting requirements on service member students; investigations by the Attorney General's appointed ISERRA Advocate on whether a readmission exemption exists; and other matters. Requires service member students to provide advance notice of pending military service and prohibits institutions from imposing conditions for academic military leave not otherwise imposed under the Act. Contains provisions on military accommodation; academic obligations of service member students; reimbursement for school expenses; academic withdrawal due to military service; rejection of accommodation and the institution's burden of proof; a 5-year military service limitation; records documentation; advance notice requirements on service member students; notice of intent to return; anti-discrimination protections; academic leave for the spouses of servicemembers; Attorney General enforcement authority; remedies; rulemaking authority; and other matters.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: In the definition of "service member student", deletes language expanding the definition to include the spouse of a service member. Provides that accommodations made by an institution of higher education for a service member student shall be mutually agreed upon and conditioned on tasks that both sides must complete to fulfill the agreement (rather than shall be a mutually agreed upon contract conditioned on tasks that both sides must complete to fulfill the agreement). Provides that financial aid provided to a service member student shall be credited for the academic year division requiring withdrawal due to military service, unless expressly prohibited by the terms of such financial aid or (rather than and) impossible or unreasonable under the circumstances. Provides that a service member student who must withdraw from any course due to military service, shall receive (i) the maximum price, based on condition, for physical textbooks (rather than textbooks) purchased from the bookstore under the control of and associated with the institution and (ii) a full refund for electronic books. Deletes a provision creating a private right of action and a provision granting rulemaking authority to the Attorney General. Provides that any action brought under the Act by the Attorney General shall be commenced within 20 years after the date upon which the alleged violation occurred. Makes some technical changes.

SB 04003 (Continued)

Amends the Illinois Finance Authority Act. Removes a provision concerning energy storage projects. Amends the Illinois Power Agency Act. Makes changes in provisions concerning legislative findings. Provides that, on and after the effective date of the amendatory Act, the Agency shall develop new energy procurement plans only through the method of least-cost procurement, regardless of the power source of the procurement, and only with the most reliable procurements possible. Defines "least-cost procurement" as the procurement of electric service in a manner that is cost-effective, reliable, and prudent. In provisions concerning the Planning and Procurement Bureau, provides that the total of renewable energy resources procured shall be reduced for all retail customers based on the amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than 4.25% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 (removes provisions concerning an inflation adjustment). In provisions concerning the Energy Transition Assistance Fund, provides that the energy transition assistance charge shall not exceed 1.3% (instead of 1.45%) of the amount paid per kilowatthour by eligible retail customers during the year ending May 31, 2009. Removes provisions concerning an adjustment in the energy transition assistance charge for inflation. Provides that, notwithstanding any other law, no commercial wind energy facility, commercial solar energy facility, or energy storage system shall be built in the State without the construction of such facility first being approved by the applicable unit of local government if the facility is within 1.5 miles of that unit of local government. Requires the Legislative Reference Bureau to prepare for introduction in the 2027 spring session of the General Assembly a bill effecting such changes in the statutes as may be necessary to conform the statutes to the changes in law made by the amendatory Act. Removes references to energy storage projects, energy storage resources, and energy storage systems. Amends the Property Tax Code and the Counties Code. Removes provisions concerning energy storage systems. Makes other changes. Effective immediately.

Urges the United States Congress to enact a one-year extension of ACA subsidies through December 31, 2026, with enhanced oversight mechanisms to combat the estimated \$25 billion in annual fraud, including stricter verification processes for enrollments and penalties for fraudulent activities. Urges Congress to include a clause in the extension legislation stipulating that, if comprehensive ACA reforms are not enacted by December 31, 2026, all members of Congress and the United States Senate shall forfeit their government health plan subsidies effective January 1, 2027, thereby aligning their incentives with those of the taxpayers who fund over 75% of their premiums.

Amends the School Code. In provisions concerning a school board's suspension or expulsion of pupils, provides that a student who is determined to have initiated sexual activity with another individual without that individual's consent, a sexual assault, or an attempted sexual assault at a school, a school-sponsored activity or event, or an activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year. Provides that (i) a student initiates sexual activity with another individual without that individual's consent if the student uses force or a threat of force to make the other individual perform a nonconsensual sexual act; (ii) a student initiates a sexual assault if the student commits an act of sexual penetration and uses force or a threat of force; and (iii) a student initiates an attempted sexual assault if, with the intent to commit a sexual assault, the student commits an act that constitutes a substantial step toward the commission of a sexual assault. Allows the expulsion requirement to be modified by the superintendent of the school district and the superintendent's determination to be modified by the school board on a case-by-case basis. New Act

Creates the Servicemember Education Rights Veneration Act. Requires institutions of higher education (institution) to accommodate service member student's academic military leave and grant prompt readmission when the service member student has not exceeded a cumulative academic military leave period beyond 5 years, provides advance notice of academic military leave to the institution, and provides notice of intent to return to the institution. Requires the institution to readmit a service member student on academic military leave into the next class, classes, or academic year division following the receipt of the notice of intent to return in accordance with the terms of the accommodation. Contains provisions on exemptions to readmission and related reporting requirements on service member students; investigations by the Attorney General's appointed ISERRA Advocate on whether a readmission exemption exists; and other matters. Requires service member students to provide advance notice of pending military service and prohibits institutions from imposing conditions for academic military leave not otherwise imposed under the Act. Contains provisions on military accommodation; academic obligations of service member students; reimbursement for school expenses; academic withdrawal due to military service; rejection of accommodation and the institution's burden of proof; a 5-year military service limitation; records documentation; advance notice requirements on service member students; notice of intent to return; anti-discrimination protections; academic leave for the spouses of servicemembers; Attorney General enforcement authority; remedies; rulemaking authority; and other matters.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: In the definition of "service member student", deletes language expanding the definition to include the spouse of a service member. Provides that accommodations made by an institution of higher education for a service member student shall be mutually agreed upon and conditioned on tasks that both sides must complete to fulfill the agreement (rather than shall be a mutually agreed upon contract conditioned on tasks that both sides must complete to fulfill the agreement). Provides that financial aid provided to a service member student shall be credited for the academic year division requiring withdrawal due to military service, unless expressly prohibited by the terms of such financial aid or (rather than and) impossible or unreasonable under the circumstances. Provides that a service member student who must withdraw from any course due to military service, shall receive (i) the maximum price, based on condition, for physical textbooks (rather than textbooks) purchased from the bookstore under the control of and associated with the institution and (ii) a full refund for electronic books. Deletes a provision creating a private right of action and a provision granting rulemaking authority to the Attorney General. Provides that any action brought under the Act by the Attorney General shall be commenced within 20 years after the date upon which the alleged violation occurred. Makes some technical changes.
